OTTOMAN GOVERNMENT REPUDIATES RAID ON RUSSIAN PORTS, TO FRENCH AMBASSADOR

Government to Return to Paris November 20th

City Is Rapidly Resuming Normal Conditions, Shops Are Reopening, Newspapers Begin to Appear After Suspension and There Is Talk of the Bourse Again Becoming Active After Having Been Closed for Months

RETREAT OF GERMANS, IS PLEASING NEWS TO FRENCH

Victory of Allies at Ypres Most Important, for the Reason That It Is the Center of Germans' Position Between Lille and the Sea—Thought to Mark First Stage of An Impending Victory—Most Vital Positions Are In the Allies' Hands at Present Time and the Outlook Is Considered Favorable.

(ASSOCIATED PRESS TELEGRAM)
Paris, October 31.—Unofficial announcement was made today that the government will return to Paris from Bordeaux on November 20 and that parliament will meet on December 15 to pass emergency laws.

Little by little Paris appears to be returning to normal conditions. The shops in the avenue de l'Opera, which had their doors locked and the windows whitewashed have now been reopened, the newspapers which ceased to publish at the time of the mobilization, have begun to appear again and the question of reopening the bourse is also discussed.

From the war arena in France and Belgium the most pleasing news to Parisians today was that telling of the retreat of the Germans across the Yser in the face of a stiff cannonading by the allies.

Their withdrawal now along with the progress of the allies at other points, is officially announced is taken by many to marking the first stages of an impending victory.

Much interest is taken in the hot fighting in the vicinity of Ypres, the allies have been gaining, because of the great importance of the position to the Germans. Ypres, according to German military men, is the center of the German position between Lille and the sea. They have said that they could not continue their advance march unless assured of the possession of it. If Ypres is conquered we will have the route opened as far as the heights of St. Omer, 22 miles south of Calais, is a statement attributed to them. However, the most important positions in the line of combat between Neuport, Dixmude and Ypres are in the hands of the allies.

General Pierre Cherfils, the military critic, declares that a wounded French officer with whom he talked yesterday gave all praise to the German method of combat. The present war he said, also affirms the immense service aviation can render to the French units. The aeroplane has become an instrument of observation, not only useful but indispensable, according to General Cherfils. The death list of the army men today contained the name of Col. H. Detrie, who was the youngest superior officer in the army.

JAPANESE BOMBARD TSING TAU

(ASSOCIATED PRESS TELEGRAM)
Tokyo, Oct. 31.—The navy department announces that the Japanese squadron, assisted by English warships and a mist, approached and vigorously and effectively bombarded the forts at Tsing Tau on October 29. Some of the defense works were destroyed, and the next day the bombardment was repeated. Only the Kaiser Northeast fort replied to the bombardment.

The funnel of a gunboat was shattered by the Japanese shells.

NO MENTION OF A LAND ATTACK

(ASSOCIATED PRESS TELEGRAM)
Peking, Oct. 31.—A wireless message received in German circles here from Tsing Tau, declares that the naval bombardment of the German position in Kiao Chow began today, but makes no mention of a land attack. On the other hand, a Japanese report declares that both a naval and a land attack are now being pushed against the German position.

Prosecute Standard Under Laws That Woodrow Wilson Had Passed While Governor

(ASSOCIATED PRESS TELEGRAM)
Jersey City, N. J., Oct. 31.—It was reported here that criminal indictments had been voted by the Hudson county grand jury against the Standard Oil company of New Jersey, and the Gulf Refining company, which have been engaged in a rate war on gasoline in Hudson and Essex counties within the few months.

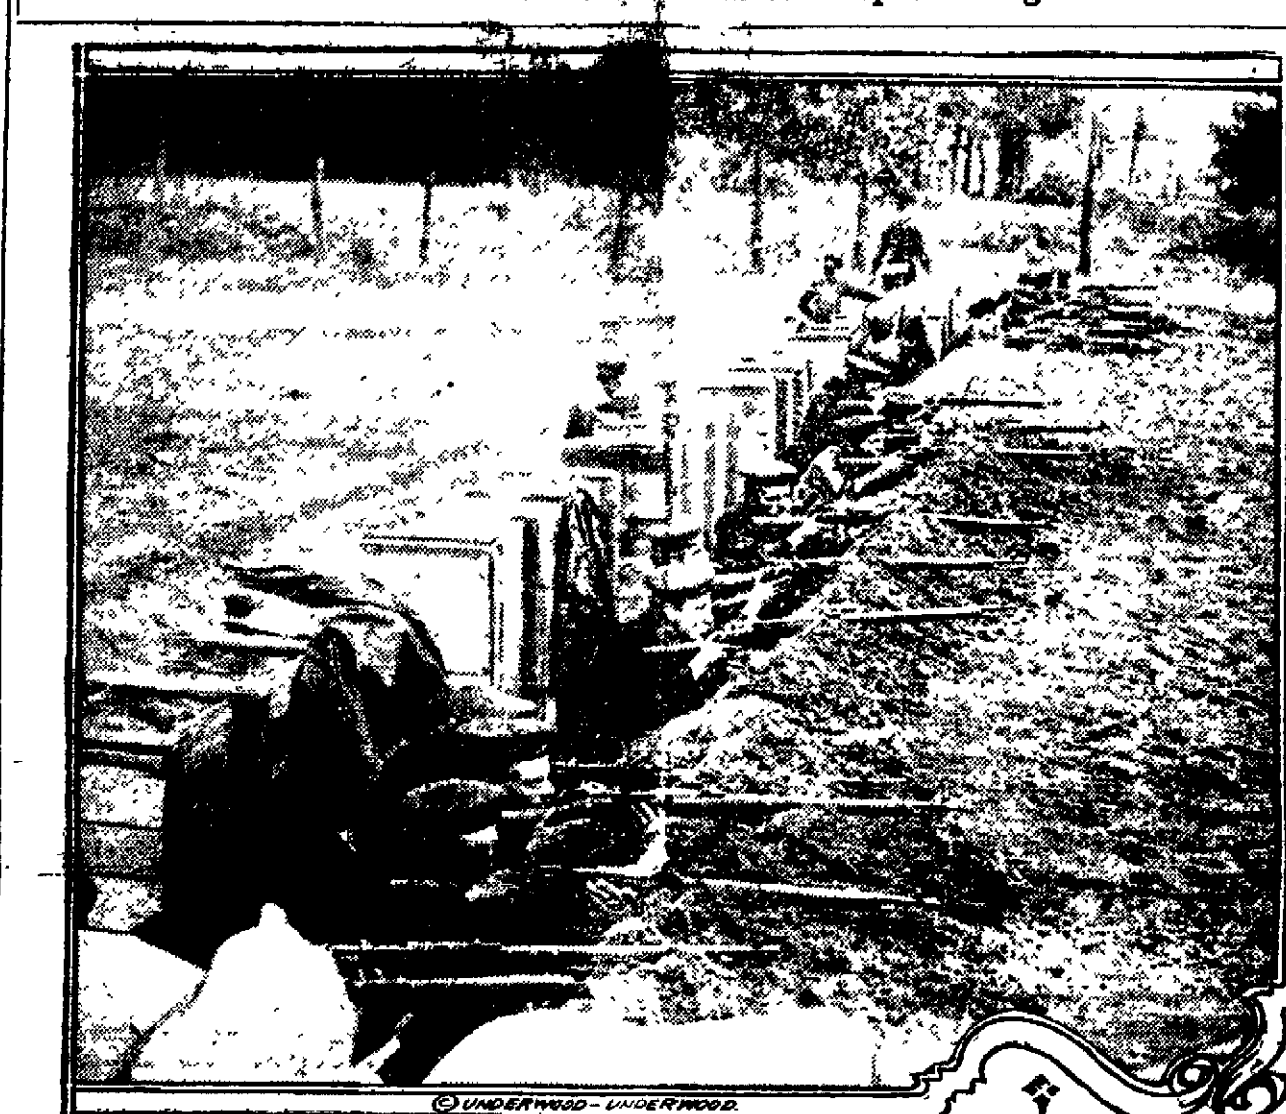

Ten witnesses testified yesterday before the grand jury as to the part played by the two companies in the recent rapid lowering of prices on gasoline in Hudson county. A public investigation conducted before Judge Sullivan of the common pleas court, about a month ago, adduced evidence that within the space of two months the price of gasoline had been cut more than 50 per cent. It was charged then that the Standard Oil company had cut the price to drive competitors out of business, but this Judge Sullivan held was not proven.

British Marines In Trenches to Help the Belgians.

Before the siege of Antwerp by the Germans began in earnest the British landed marines from warships to help the army defending the new capital. This photograph shows British marines in the trenches. But they did not remain long. The oncoming army of the kaiser drove them out and toward Ghent and Ostend.

Political Chairmen Make Statements As to Outlook For Tuesday's Election

(ASSOCIATED PRESS TELEGRAM)
Columbus, Oct. 31.—With election day near at hand political leaders bused themselves today with giving final instructions toward getting out the vote next Tuesday. At the various headquarters in this city formal statements of the campaign chairmen were the features of the literature given to the public.

Republican leaders made no definite assertion concerning prospects of their congressional ticket other than to say "the victory will be for Republicans."

Conflicting predictions concerning the fate of the prohibition and home rule amendments at the election Tuesday, were issued from headquarters of the anti-saloon league and the Ohio Home Rule Association the "wet" organization today.

Wayne B. Wheeler, superintendent of the Ohio Anti-Saloon league, declared the state will go dry by a "safe majority."

Gram P. Hunt, speaking for the "wet" interests, was less conservative in his statement and predicted the prohibition amendment would be defeated by a majority of 150,000 and that the home rule amendment would be adopted by 75,000 majority.

The prediction of Chairman Jones of the Republican state campaign committee concerning the probable result of the election was made informally and no written or formal statement had been issued up to 2 o'clock this afternoon. At that time it was said however that work was progressing on a statement which would deal at some length with the reasons for the confidence of the Republican leaders that the result Tuesday will be favorable to the Republican ticket.

Mrs. Harriet Taylor Union, of Warren, president of the Ohio Woman suffrage association in a statement issued here today said the suffrage amendment will be adopted Tuesday. She predicted that a majority of men will vote affirmatively on the question "because we have been patient and not militant and because the state needs us."

Ohio men have never failed to vote right on large questions. We will win because we began with a quarter of a million votes won in the

last campaign because we had the advantage of the initiative and referendum law, because of the perfect harmony in our ranks and in the wonderful sacrifices of our own workers."

FINLEY CLAIMS COX'S ELECTION.

(ASSOCIATED PRESS TELEGRAM)
Columbus, Oct. 31.—Democratic state Chairman William L. Finley issued a statement today predicting that Governor Cox would be re-elected, Attorney General Hogan sent to the United States Senate, the entire state ticket elected, the legislature to be Democratic and that twice as many Democratic congressmen would be returned as Republicans.

"Late advices from every county in the state clearly indicate the reelection of Governor Cox and the election of the entire Democratic state ticket, pluralities exceeding the figures ventured by the most enthusiastic Democrats three weeks ago, who then talked big."

"Timothy S. Hogan will be sent to the United States Senate, by a vote that will be very reassuring to President Wilson. We shall send more than twice as many Democrats to congress as Republicans and a Democratic legislature pledged to the briefest possible session, a further reduction in the women's compensation law, as well as the other progressive measures now incorporated in our general program."

BROWN JOINS PROGRESSIVES.
Walter F. Brown, of Toledo, a progressive statesman, today said he was going to support the Democratic ticket in its part in the campaign.

"Part of the battle is over," he said, "the Republican party in 1912, by the victory of the Bryan campaign, has been changed by the temperance dictum of the Progressive party."

The Progressive party is now direct to the people.

ple has given them a clearer notion of the purposes of the Progressive party as well as its capabilities for future usefulness and service. There is no other political party that has to fight the liquor traffic to the finish. I believe that this year the people are going to vote as they think and believing that I predict that the surprise of the election will be the large vote for the Progressive candidates."

WHEELER OPINES OHIO WILL GO DRY.

(ASSOCIATED PRESS TELEGRAM)
Columbus, Oct. 31.—A statement issued at the anti-saloon league headquarters today says Ohio will be voted dry next Tuesday. "The brewer's campaign for 'Home Rule' has signally failed," it adds. "Consensus of newspaper judgment throughout Ohio, shows that the sentiment is very general in favor of statewide prohibition and that the amendment will carry by a safe majority."

A list of 32 of the smaller Ohio cities are cited, with predictions of the dry majority in each, as based on opinions of newspaper editors canvassed.

The statement says further: "Our enemy has overshot the mark in their demand for an amendment to destroy existing legislation immediately after receiving the license law under promise to be satisfied. Thousands of liberal minded men resent this domineering spirit on the part of the liquor interests. They realize that we cannot have peace or clean politics until the saloon is abolished."

A partial list of communities which the anti-saloon organization claims will go dry, with the majority vote for prohibition, as based on telegrams from editors is as follows: Marietta, with fair weather, 1,500; Fayette county 2,000; Mahoning county 500 to 1,000; Shelby 450; Lorain county 1,000; Muskingum county 1,000; Steubenville 2,500; East Liverpool 2,000; Ross county outside of Chillicothe 1,500; Chillicothe 500 wet; Lawrence county 1,200; Coshocton county 300; Delaware 1,000; Lake county, prohibition will carry; Columbiana county, prohibition will carry; Lancaster 500 dry; Guernsey county 2,500 dry and direct to the people.

Russian, French and British Ambassadors Are Preparing To Leave Constantinople Together Tonight, According To a Dispatch Received From the American Ambassador to Turkey—Russian Interests Left to Italy

RUSSIANS BENDING BACK OPPONENTS IN SECTIONS

Which Movement Endangers the Rear Lines By Retreat of Those Forward—Germans Are Fighting Stubbornly to Prevent Muscovites From Again Invading Their Territory—No Abandonment of the Teutons' Design to Push On and Take Calais, But They Have Retired at Many Points Along Coast.

(ASSOCIATED PRESS TELEGRAM)
Washington, Oct. 31.—The Turkish minister of finance informed the French ambassador at Constantinople yesterday that the raid of Turkish warships on Russian seaports took place without the knowledge of the Ottoman government, and presumably under the influence of German officers and crew. This information was conveyed in a dispatch today from Ambassador Morgenthau to the American government.

Mr. Morgenthau added that the Russian ambassador received instructions at 3 a. m., yesterday, to demand his passport and make an effort to see the grand vizier who pleaded illness and did not receive him.

The Russian, French and British ambassadors, according to the same dispatch, are preparing to leave Constantinople together tonight.

Ambassador Morgenthau's dispatch made no mention of any declaration of war, nor of internal conditions in Turkey. He probably will take over the French and British embassies.

(ASSOCIATED PRESS TELEGRAM)
Washington, Oct. 31.—On receiving instructions to leave Constantinople the Russian ambassador immediately placed the interests of Russia in the hands of the Italian ambassador.

(ASSOCIATED PRESS TELEGRAM)
London, Oct. 31.—The impression created here by the latest news is that a general advance of the allied forces in France and Belgium has been ordered, so main interest again is centered in the cockpit covering three or four miles from the seaboard.

Although the official communications do not spread much light on the situation in West Flanders, other reports emanating from Holland indicate that a German retirement from the coast south of Ostend is imminent, and it is again reported that the invaders have evacuated Ostend. These rumors however, are not confirmed from Berlin, which claims some advance on the Ypres line. The city of Lille is declared in special dispatches, again to be free of German troops and its hopeful citizens are so confident that the Germans never will return that plans are being made to resume the usual civic functions.

That Germany has by no means given up its determination to take Calais is indicated by the significant report from Berlin, by way of Copenhagen that the German general staff has decided that the army in Poland shall fall back to the frontier of Silesia, and remain there on the defensive until the battle of Flanders ends with the capture of Calais. Such a movement would release three or four army corps to be transferred from Silesia to Belgium.

The Russian tactics of bending back the line of invaders in Russian Poland, one section at a time, the retreat of each section endangering the position of the section next to it on the south appears to London observers to have been successful everywhere except in the extreme Russian left where the Austrians still maintain the positions they succeeded in retaking from the Russians.

Along the frontier of East Prussia, the Germans are fighting stubbornly to prevent another invasion of their territory at a point further south. It is argued here that the Russians cannot expect to assume a full offensive movement until the Austrians are driven back from the river San. But even this will not mean an immediate invasion of Germany as it is known that the Germans, in preparation for a possible retirement, have established heavily entrenched positions along the River Warthe.

Speculation as to the effects of the position taken by Turkey varies widely. In some quarters, it is argued even that the acts of the former German crusaders Goben and Breslau will be shadowed by the ports, but the well authenticated news of the departure of the Russian ambassador from Constantinople seems to commit Turkey beyond release three or four army corps to be transferred from Silesia to Belgium.

Highest Officials of England Have Been Sent to Continent On Very Mysterious Mission

(ASSOCIATED PRESS TELEGRAM)
London, Oct. 31. The British government has sent three of its highest officials to the continent on a most mysterious and important mission. The delegation consists of David Lloyd, the chancellor of the Exchequer, Lord Haldane, the lord chancellor, and Lord Reading, the chief justice.

The destination of this mission is being kept secret, as well as its object. Its importance is evident from its membership, and apparently the business to be transacted concerns both financial and legal matters. Lord Haldane, and the chief justice, who was Sir Rufus Isaacs, before his elevation to the bench was the keenest legal light at the English bar, rank about the foremost authorities upon the law in the United Kingdom. The most plausible report has it that the three have gone to Holland, and will possibly extend their journey to the Scandinavian country to deal with the matter of shipment of goods from neutral countries into Germany. If the statements of the English papers are correct, Holland, and the three Scandinavian nations are conducting a flourishing trade with Germany through transshipment of supplies from the United States and even from England. The newspapers of all these countries assert that their importations are for their own needs alone, while English papers insist that they are receiving contraband of petroleum, grain and foodstuffs generally which far exceed their normal requirements.

Connie Mack Will Release Bender, Plank and Coombs; One Was Flirting With Federals

(ASSOCIATED PRESS TELEGRAM)
Philadelphia, Oct. 31.—Connie Mack, manager of the Philadelphia Athletics, announced today that he had asked waivers on pitchers Bender, Plank and Coombs.

Mack's announcement was in confirmation of a statement made by Hugh Jennings, manager of the Detroit team, at Atlantic City. The Philadelphia manager said he had no intention of retaining either one of the three pitchers for the season of 1915. Asked if he did not feel that Bender and Plank were good enough to pitch for the Athletics next year, Mack said he wanted it understood that he did not think their usefulness as pitchers was over.

One of the three pitchers, Mack said, had approached him with the statement that he was doing business with the Federal League and that he received an offer so large that he did not think the Philadelphia management would meet it. Mack said he suggested to this pitcher, whose name he would not give, that possibly there was an American League club that would meet the Federal's figures.

"I am for the American League in victory or defeat," Mack said, "and I am going to keep these players for our league if possible."

"I would not have asked for waivers at this time, but for the fact that

one of them told me he had been dickered with the Federal League."

The three pitchers who will no longer wear the uniform of the Athletics did wonderful work in their careers as pitchers. Each has figured as a hero in world's series games. Plank, acknowledged as one of the greatest left-handers that ever pitched a ball, joined the Athletics in 1901 and figured in the winning of six American League pennants. His best performance in a world's series was in 1913, when he won from the New York Giants, allowing the National Leaguers two hits in the final game.

Bender joined the team in 1902 and was known as the "sure money" pitcher in every world's series. He won games in all of them except in the series with the Boston Nationals this year.

Coombs has not pitched much for two years. He was injured in a world's series game in New York in 1911, and never fully recovered. He has a record of winning a 24-inning game against the Boston Americans. Coombs earned the title of "Iron man" in pitching the Athletics to three victories against the Chicago Cubs in the world's series of 1910. The waiver on him caused no surprise here, but that Mack would let Bender and Plank go was not expected.

MOST SERIOUS OFFENDERS ARE GIRLS, SAY CPs

Of complaints filed with the police department relating to Halloween pranks, girls are charged with the most serious offense, that of using a lime and water solution which was liberally applied not only to fronts of Church street homes and porches, but thrown on clothing of passersby. It is charged that two young men lost their coats by the destructive action of the lime on the clothes.

A half dozen offenders, including the girls, have been ordered to appear before Mayor Bigbee to answer to a charge of disorderly conduct and destruction of property as a result of the lime-throwing "amusement."

The ten boys ordered before the mayor Friday afternoon were "interviewed" by the mayor at the high school instead of at his office. The boys were given to understand that they must pay for all the damage done to property in South Newark.

The girls and boys slated for appearance this afternoon will probably be required to make satisfactory settlement for the alleged fun they had.

Police officials claim that there is another gang operating in the same vicinity and efforts will be made to round up these young men.

Women in the neighborhood declare that it is impossible to pass the street corners where these gangs have been congregating without being insulted by the language used. The police have determined to break up the practice if possible.

DENIAL OF REPORT THAT SULTAN'S PALACE WAS BOMBARDED TO MAKE HIM YIELD

To German's Demands—Consternation Reigns in Constantinople. Ministry Sits Continuously.

(ASSOCIATED PRESS TELEGRAM)
London, Oct. 31.—The correspondent of the Morning Post in Petrograd sends his paper the following: "The statement published here that the guns of the cruiser Goeben were turned on the sultan's palace in order to make him yield to the German demand is probably untrue."

A dispatch to the Central News from Petrograd, says that up to a late hour Friday no declaration of war had been received from Turkey. Neither the Russian ambassador nor the Turkish ambassador has left their posts, the dispatch says, and it continues: "Consternation prevails in Constantinople and the Turkish ministry is sitting continuously. The secretary of the Turkish embassy in Petrograd says that he 'hopes the misunderstanding will soon be cleared up.' The head of the Moslems in Russia condemns the folly of Turkey and declares that his followers are loyal to the Russian emperor."

SORORITY GAVE UNIQUE PARTY FOR HALLOWE'EN

Last Meeting of Granville Women's Club—President Chamberlain Honored—Social News.

(Special to The Advocate)
Granville, Oct. 31.—One of the most delightful social features of the season was the Halloween party given in Sigma Delta Phi sorority house last evening by two alumnae of the chapter, Mrs. C. D. Coombs and Mrs. Raymond Pence, to which members of the Denison faculty, Denison trustees, their wives and members of the Shephardson faculty had been bidden by means of unique little cards inscribed with a neat little verse, hidden under a pretty Halloween symbol. The handsome rooms were artistically and appropriately decorated to receive the guests who had arrived themselves in a fashion befitting the occasion. The hostesses in the fascinating garb of witches were assisted in the receiving line by their husbands, Prof. Coombs and Prof. Pence, who made the hit of the evening as the "Gold Dust Twins." Coach Livingston and his wife brought down the house as an Italian and monkey. Other distinguished guests at this unique and most enjoyable function were "Gold Dust Twins," Nurse Anna, Betty Babbitt, Velvet Joe, Grandma Jenks, Mrs. Biram Brown, Mark Twain, Mr. Turko, Miss Dolly, Monsieur Delmonico, Madame Butterfly, Mr. and Mrs. Loether, Mr. and Mrs. Bornestein, Rosalie and her Bruno, Mr. Doodie, Miss Black Cat, Miss Holloween, Miss Right, Miss Wrong, Mr. and Mrs. Fixjanno, Judge and Mrs. Black, One Who Changes Her Mind, William Hannibal, Friend Troth, Maggie and Her Sister, Hooey, Key, Mr. Pt. Plantain, Miss Kelly, Mrs. Katzenjammer, Miss Jenny, Willinson, Miss Hop-sable, Our Neighbor, Miss Organist, Rastus and Lily, Sister Margaret, Mrs. Witch, Miss Bewitch.

The house of Prof. and Mrs. H. W. Emmsler in East Elm street is the scene of a delightful week-end house party, consisting of Mrs. Tom Watson of Columbus, Mrs. Wilbur Wilson, Mrs. Herbert Broom, Miss Edythe Stone, and Miss Leah Pernor of Utica, N.Y., and Mrs. Emmsler came to Granville from Utica in September and have already proved themselves valuable accessions to the younger faculty set.

The last meeting of the Granville Women's Club yesterday afternoon was distinctly a meeting for prayer and conference. There was a good attendance and under the leadership of Mrs. Christine Cook the interest and devotion of these gatherings were maintained. Several ladies who have visited West Virginia since her prohibition law went into effect offered unquestioned testimony as to the improved conditions in that state since closing the saloons. If there is bootlegging in Wheeling it is because of its close proximity to Ohio. Mrs. J. D. Thompson, chairman of the committee to furnish free hot coffee and doughnuts all day Tuesday in the Presbyterian church, stated that there would be no soliciting, but that all free-will offerings of cream, sugar, coffee or doughnuts could be reported to her, as well as the hours each woman could devote to the work in the church.

Mrs. F. F. Murray, who has been in Arizona for several months with her younger son, Donald, has returned to her home in North Pearl street. Donald's health has greatly improved by the change of climate.

Mrs. Effie Treize Christy of Akron, O., is visiting her parents, Mr. and Mrs. S. P. Treize of East College street.

Dr. C. W. Chamberlain has been appointed by the Rochester Theological Seminary as a member of the Committee of Visitors. He is under appointment to address the Baptist Social Union at Rochester in May.

Denison has been invited to send a delegate to represent the college at the inauguration of President W. W. Boyd, of the Western College for Women at Oxford on November 4. Dr. Boyd was until his elevation to the presidency of the Western College for Women, the dean of the College of Education in the Ohio State University, and is well known here in Granville as he has visited here often.

The Ohio Baptist Education Society at its recent meeting elected the following officers: Dr. C. W. Chamberlain, president; Rev. C. H. Holden, pastor of the Market Street Baptist church of Zanesville, vice president; Dr. H. R. Humbley, principal of Doane academy, recording secretary; Prof. B. Spencer, professor in Denison University, corresponding secretary and treasurer.

Furnishings for the equipment of the Chicago Alumni Room in Talbot Hall have begun to arrive. It is the purpose of the Chicago Alumni to make this a meeting place for all alumni when they are in Granville. There will be sleeping accommodations in connection with the general "lounge room." Doubtless this arrangement for the entertainment of alumni will be a long-felt need and will result in a greater number of alumni returning to Granville to renew their interest in their alma mater.

There was a mass meeting of students last evening in Doane Hall, preparatory to the big game today on Beaver Field. The three car loads of rooters reported as coming from Delaware demanded concerted action on the part of Denison.

Mr. W. P. Denison, who has been spending several days in Granville on business, returned home today.

There will be an equal suffrage speech this evening at the south side of the public square at 7 o'clock. Everybody welcome.

Mack L. Denison will speak last night for the equal suffrage league at a musical given by the Music club at 8 o'clock.

Police officials claim that there is another gang operating in the same vicinity and efforts will be made to round up these young men.

Women in the neighborhood declare that it is impossible to pass the street corners where these gangs have been congregating without being insulted by the language used. The police have determined to break up the practice if possible.

SAVED WOMEN ON BOARD ROHILLA; BODIES WASHED UP

(ASSOCIATED PRESS TELEGRAM)
Whitby, England, Oct. 30.—Via London—Fifty more men were saved this morning from the wreck of the British hospital ship Rohilla, which ran on the rocks of the Yorkshire coast near here early yesterday.

Bearing physicians, nurses and hospital supplies, the Rohilla was on her way to a Belgian or a French port to succor the wounded when she was driven ashore. It is understood that all the women on board were saved. The total number on board the ill-fated ship is not definitely known, but some estimates place it at 200. There are said to be still about 60 persons on the vessel.

Several men this morning in response to signals from the shore, decided to take the risk of swimming. A few of them reached the land safely, but others were drowned. Bodies are now washing upon the beach.

It has been estimated that the heat received in a year from the earth from the sun is sufficient to melt a layer of ice 100 feet in thickness covering the globe.

Jesse W. Hursey

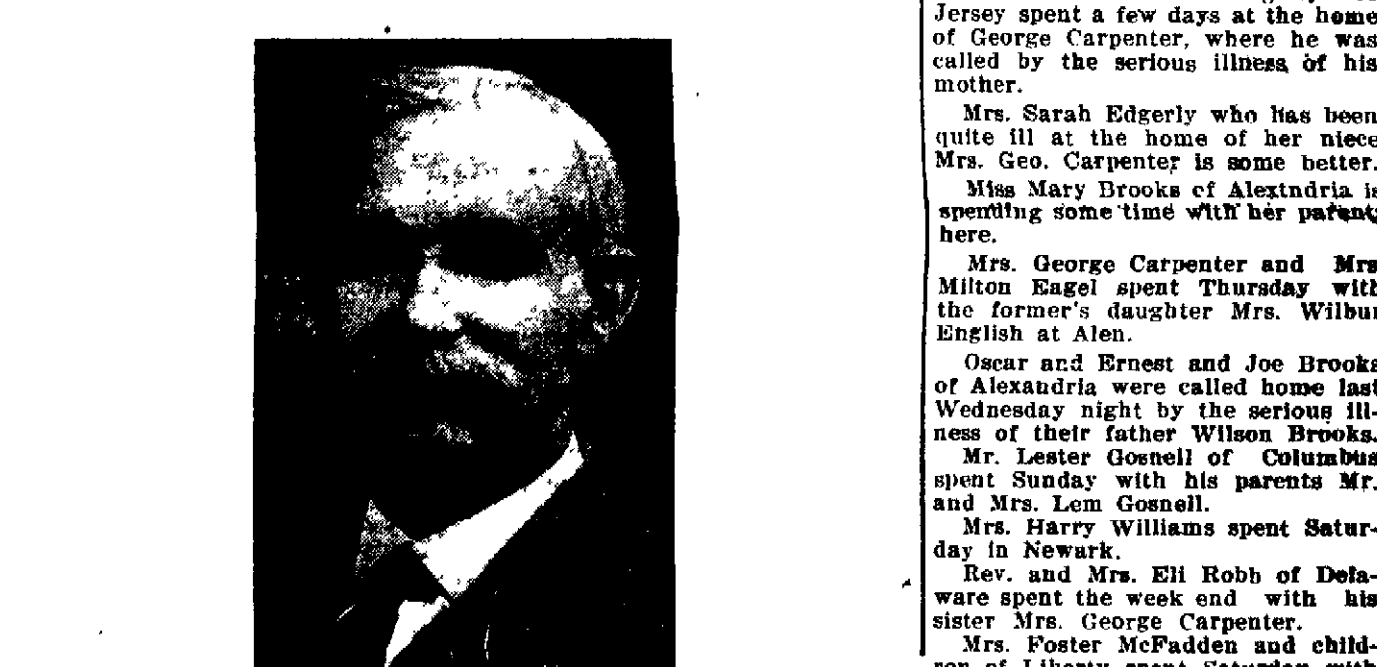

Candidate For County Auditor Second Term

There is no use in wasting words in the introducing of Jesse W. Hursey. He has been the faithful and efficient county servant in the county auditor's office for the past year. And the county never had a more loyal public servant. The auditor's office plays a most important part in the county government. It is the key to the whole courthouse—a key that should be left in the hands that have been tried and found competent and that can be trusted for another term.

This year has been the most difficult in the auditor's office in many years, owing to the changes in the state laws and to the work necessary to put the new statutes in operation. The new laws have added many new duties to the auditor's office. County Auditor Hursey has been on the job all the time, and has devoted his time and very best personal efforts to the work of the office and has accomplished great good for the taxpayers and citizens of Licking county. Mr. Hursey has made a good record as county auditor and if you believe in regarding a public official for good honest faithful and efficient service, vote for Jesse W. Hursey next Tuesday, November 3rd, and you will not only do Mr. Hursey a favor and reflect credit upon yourself but you will have done a good thing for all the people in Licking county.

Now Up to the Voters

The evidence has been submitted, the arguments have been made, and the case is about to go to the jury. Summed up in few words, the proposition is this: Shall Ohio go forward or backward? Do the people want progress or reaction?

Nobody can deny that James M. Cox has kept the faith. Governor Cox has carried out his party's platform promises and has to his credit a remarkable achievement, the enactment of many laws that have made Ohio take first rank among the 48 states of the Union.

The passage of the Workmen's Compulsory Compensation law giving to practically every working man a valuable accident insurance policy without cost and the enactment of a tax law which has brought millions of dollars of tax-dodgers' money to the tax duplicate, and has reduced the taxes of honest people in nearly every district in Licking county as well as in every county of the state, these two laws alone should triumphantly re-elect Governor Cox. But to the present administration's credit are numerous other splendid measures among which are the mothers' pension law, the measure giving aid to the blind, the law that assists those afflicted with tuberculosis, the new school law giving the country child the same advantages enjoyed by the city boys and girls, the good roads law, the introduction of modern and humane methods of

handling prisoners, the introduction of greater efficiency in handling the business affairs of Ohio—these are but a few of the things for which Governor Cox deserves credit. Under James M. Cox's administration public money is put to work for the state and every cent of interest on the state's money is properly accounted for.

James Cox is accused of building a "machine." If by "machine" is meant "organization," the governor is guilty. The governor has built up a splendid business organization and this organization is doing honest, efficient work for the people of Ohio. The people are to be given an opportunity next Tuesday to pass judgment upon what has been accomplished. If they favor a continuance of present efficient methods, if they approve the compensation law and the other great humanitarian measures enacted by the Cox administration, endorsement may be expressed by placing an X mark under the rooster on the ballot next Tuesday. In thus marking the ballot the voter will not only approve of the good work done by Governor Cox and the state administration but will at the same time express their sympathy for endorsement of the acts and accomplishments of the greatest president the United States has had in a half century—Woodrow Wilson, the man who kept the country out of war.

James J. Hill.

The American-Tribune advises its readers to vote for John S. Graham for Representative because he "will aid in remedying the iniquitous laws which are now pressing the people down."

The "iniquitous laws" referred to are the Warnes law which "presses" the tax payer's pockets down with money which it saves him; the Workmen's compensation law which "presses" money into the hands of the afflicted to pay immediate demands such as doctor bills, grocery and

JAMES J. HILL.

store bills; the Mothers' pension law which prevents widows and mothers from breaking up their homes and compelling them to send their children to Children's Homes, Infirmarys, etc., and many other good humanitarian laws.

These laws are becoming very popular with the people as they become better acquainted with them, and they will send no man to the legislature whose avowed purpose is to repeal them.

James J. Hill, the Democratic candidate, is in sympathy with these laws and in full sympathy with those who are benefitted by them.

Mr. Hill has shown his ability and good judgment in the successful management of the Licking County Fair for the past six years having been president of the Agricultural Society. The fair under the administration of Mr. Hill and his associates has been a marked success.

James J. Hill is the people's candidate for Representative. His name is in the first column of the ballot that voters will give next Tuesday. A. Austin Orr urges his friends and supporters to vote for Mr. Hill.

J. H. Miller For Senator.

The ballot that will be handed to each voter next Tuesday contains the names of three candidates for state senator—Democratic, Republican and Progressive—but a remarkable fact is that the Progressive ticket carries the name of a candidate for state senator who cannot be found and who is supposed not to exist.

The Socialists named no candidate for senator, and the Progressives did not intend to do so, but when the ballots were counted after the primary election it was discovered that two votes had been cast in Delaware county for "Harry F. Harrison." Nobody knows "Harrison," though an effort has been made to locate him, but the ballots were printed containing "Harrison's" name before the facts were discovered.

The Democratic candidate for state senator in this district is Henry Miller, the attorney of this city. Mr. Miller is a lawyer, farmer, ex-school teacher, and a talented public speaker.

Speaking of Mr. Miller the Zanesville Signal says: "Mr. Miller is a prominent attorney of Licking county, a fine, Christian, gentleman, whose heart has always been open to the downtrodden, whose hand has been reached out to lift the fallen, and whose every thought and impulse has been for the uplift and betterment of his fellowmen."

The president of the Ohio Federation of Labor has issued a statement attacking Mr. Willis, the Republican nominee for governor, because of his failure to state his position on the preservation of the present Workmen's Compensation law. According to the statement of President Volz both Governor Cox and Mr. Garfield have freely stated of themselves in a manner most satisfactory to the Federation of Labor. Mr. Willis has said about the law:

Charles B. Gershoff, of Columbus, who made the affidavit concerning Mr. Willis and Standard Oil has produced stinging replies to the Willis statement that Gershoff was not Willis' primary campaign manager. Mr. Gershoff says: "I was enough of a manager for Mr. Willis to introduce Willis to the men who put up the money for his pre-primary campaign and in part for his general election campaign."

Denmark in 1913 grew 11,079,147 bushels of carrots.

Taxpaying Time Will Tell

The Advocate desires to call to the attention of readers that the American Tribune has persistently asserted that the farmers will not pay less taxes this year than last year, and we ask our Republican readers to file away the American Tribune of October 30, also any cards they may have received from the Democratic committee setting forth the savings to any taxpayer, also file away the publications of savings announced daily during the month of October by the Advocate, and call at the county treasurer's office and judge for themselves who is telling the truth.

All the farmers of Licking county may not know at present that they will generally receive a great reduction in their taxes this year, but by January 1, 1915, when they will have paid their tax they will know; and then the American Tribune will have more trouble in convincing the farmers of Licking county that its columns can be relied upon for truthful statements, than the warring nations of Europe, in convincing mankind that each was really for peace.

Again, farmers, we say, file away, for ready reference, the American Tribune of October 30, for tax-paying time is near at hand.

Law Enforcement.

Among the many things that have been said about Governor James M. Cox, there has not yet been said by anyone that he does not enforce the laws, for it is clear that he does so. Here is what the governor says about the subject of law enforcement:

"It is well to call attention to my record for law enforcement. That record is such that it is not necessary for me to state that I will enforce the law, but I will make the statement anywhere and assure my friends and my enemies that the laws of this state will be enforced in keeping with the mandate of the people. If you do not want the law enforced do not put it on the statute books, or in the constitution, for I assure you that I shall enforce to the very letter every law that is enacted, either by the legislature or by the people."

No element of voters in Ohio has any reason to doubt that whatever amendment is given to the constitution this year will be put in full effect if James M. Cox is kept as governor.

When Auditor of State Donahy was forcing through his accounting reforms the Republican press accused him of an honest official. Frank B. Willis, who hasn't seen the inside of the auditor's office since 1900, now asserts that the accounts show an impending deficit of \$2,000,000. Mr. Donahy, who spends all of his time there, says they don't, but on the other hand they indicate a staggering balance. The Republican press, with one voice, now says that Mr. Donahy is a brutal falsifier. But that doesn't change a figure in the books.

Straddled Tall and Roosevelt in 1912, straddled the Standard Oil in 1900, straddled the prohibition around in 1914, straddled the campaign of 1914, Charles B. Gershoff, this year, and looking for money to straddle. Some forked people is Mr. Willis, fellow citizens.

Great quantities of war material have been shipped out of the United States bound for Europe. This to Woodrow Wilson war materials are not to be exported! President Wilson says from war. Stand by the one good next Tuesday to vote the Democratic ticket.

Ohio will go either forward or backward next Tuesday. Cox stands for progress, Willis for reaction. Make your choice.

It's going to be unanimous.

"Hank" Gowdy, who won the world's baseball series, announces that his first vote as a citizen will be for Governor James M. Cox.

Swartz' Fine Record.

John C. Swartz, Democratic candidate for county surveyor, has made a record in office of which he can well feel proud and one which the voters can endorse knowing that they are justified in that action.

During the first year of his incumbency of office he cut the expenses \$1483 over that of the previous year, a sum amounting to more than the salary he received, and the records show that he accomplished more work during that period. Thus far on the second year, about eight months, he has reduced office expenses about 20 per cent. At the end of the fiscal year he had a balance in his office of \$924.68 from the amount appropriated for its maintenance.

Surveyor Swartz assumed office March 1, 1913, just twenty months ago. Since that time he has built 12 bridges over the county including the Second street bridge in this city. All of the original bridges of the county will have been finished with the possible exception of Ulica and Homer. Forty miles of pike have been completed and twelve are now under construction. This work has been the admiration of all who had occasion to use it and it is a splendid recommendation of Mr. Swartz' ability for the honor which he seeks. The tax payers of Licking county will make no mistake in continuing him in office and they will see to it that this is brought about on Tuesday, Nov. 3.

The Democracy of Licking county presents three excellent men for county commissioners. Ben B. Jones, Frank R. Deam and Joseph B. Orr are well qualified for the office to which they aspire. They have safeguarded the interests of the taxpayer during their first term of office. They deserve your vote for a second.

The placing of an X mark in the tick-up on the rooster, first column of the ballot next Tuesday, is an expression of support of President Wilson.

Issues In Kansas.

(Ohio State Journal.)
They are having great times out in Kansas, where the women are voting, and the serious problem is whom are they going to vote for; which means that they are not taking so much interest in candidates as they are in measures. These are all practical, even if radical. Most of their objects relate to education. Here are some:

Establishment of an industrial welfare commission, with one or two women members, to regulate hours and conditions of work and wages for women workers.

Unit system of taxation for rural schools, nonpartisan school administration, wider use of school plants and supplementary books.

Higher requirements for teachers, vocational work in all schools in classes above the fifth grade, afternoon and night classes.

Consolidation of schools, compulsory vocational work for children about 14 years, vocational teachers to be employed all year, so as to direct vacation activities.

Establishment of a social center at each school, to be maintained all the year.

Generally speaking, they are going to vote for the men who are in favor of these things. That is not a bad thing to do—vote for the idea, rather than the political aspirant. It is only another straw showing that standpat politics is not going to figure big in the future.

Proposed Amendments to Constitution

| ARTICLE XV. Sec. 9a. | |
|--------------------------------|--|
| YES. | Home rule on the subject of intoxicating liquors. |
| NO. | |
| ARTICLE XII. Secs. 1 and 2. | |
| YES. | Limitation on the tax rate and for the classification of property for purposes of taxation. |
| NO. | |
| ARTICLE V. Sec. 1. | |
| YES. | To extend the suffrage to women. |
| NO. | |
| ARTICLE XV. Sec. 9. | |
| YES. | Prohibition of the sale, manufacture for sale and importation for sale of intoxicating liquor as a beverage. |
| NO. | |

The above is the form of the amendment ballot as decided upon by the secretary of state. The proposed amendments will be on a ballot by themselves and in the order shown in the sample ballot, with the titles as here given. The order of the proposals on the ballot was determined by the order in which the initiated petitions were filed.

Republicans Notice.

The Republican organization of Hamilton county published in Thursday's Cincinnati Enquirer a four column advertisement addressed to the voters of Hamilton county. In this Republican advertisement Governor Cox is quoted in reference to the liquor license law as follows:

"I have given you the first Christian Sunday in a century. Those not satisfied should move to Kentucky."

This advertisement in the Enquirer also declares:

"The next Governor of Ohio will have nothing to do with the liquor question."

"The people will declare in favor of either the wet or dry amendment of the constitution."

The amendment that carries becomes a law.

"The only thing 'wet' about Jimmy Cox is his 'wet nurse.' The Hon. Bill Finley, the Democratic Boss of Ohio."

"The Republican party in Hamilton county has declared for True Home Rule."

This being the position of the Republican party of Hamilton county, it is not surprising that Candidate Willis who straddles the Workmen's Compensation law should hesitate so long about declaring on the liquor question. Mr. Willis after much urging finally said that he would vote for the prohibition amendment but he made it clear that he was speaking as a "citizen" and not as a candidate. The Republican platform gracefully straddles the liquor issue.

Governor Cox has made it plain in his speeches and by his past performances that he will enforce every law upon the statute books. If the voters of Ohio declare for Prohibition Governor Cox will enforce the law. If the voters reject state-wide

A Halloween party was given at the home of Miss Helen Spring, 212 Ash street on Friday evening. The evening was spent with music and games. Later in the evening a delicious luncheon was served to the following: Misses Bertha Weekly, Jessie Ruck, Hazel George, Mable George, Grace Varney, Hazel Varney, Frances Heck, Mildred Donohue, Helen Spring, Mary William, Mary Huffman, Freda Burton, Pearl Carnal, Jessie Cartal, Messrs. Theodore Johnson, Herbert Hickman, Richard Johnson, Frederick Spring, Harold Spring, Foster Hillery, Emanuel Hoffman, Lewis Betush, Herbert Shawk and Earl Tyler.

The home of Mr. and Mrs. Earl Claggett, north of the city, was the scene of a pretty surprise party Tuesday night given in honor of Mr. Walter Toothman celebrating his twentieth birthday anniversary. The evening was spent in playing various games and music after which a three course dinner was served to the following guests: Misses Hazel, Mabel and Hazel Dudgeon, Ethel Miller, Bertha Hoover, Anna Van Winkle, Florence Wilkin, Mary Claggett, and Marie Martin, Messrs. Ray Wilson, Fred Miller, Jesse Swisher, George Pound, Floyd Brooke, Charles Westbrook, William Harris, Gene Dudgeon, Lee Pound, Evan Lloyd, Robert Wilkin, Walter Toothman, Mr. and Mrs. Clarence Pound, Mr. and Mrs. Alva Toothman, Mr. and Mrs. William Toothman, Mr. and Mrs. Earl Claggett, and Mr. Charles Claggett.

Mrs. Melvin Davis will entertain the Harmonious club at her home in North Fourth street, Tuesday, Nov. 3.

The first meeting of the Monday Talks for the season of 1934-35 will be a recital which will be given on Monday afternoon in the Second Presbyterian church. The recital is given in compliment to the Federated clubs of Newark and Granville and music lovers are invited to attend.

Those on the program are Miss Florence King, organist; Mrs. Don Tullis, Mrs. C. W. Miller, and Mr. Athey. The recital program will begin at 4 o'clock.

On Friday afternoon Mrs. Helen Franklin entertained at her West Church street home with the fourth of a series of delightful and prettily appointed afternoon parties. This last of the series was an auction bridge party and following the contest Mrs. Sarah Rosebraugh received the award. A dainty luncheon was served, the colors predominating in the decorations being red and green.

A most delightful evening was spent at the witch's party given at the home of Mrs. F. M. B. Winkle in North Fourth street on Friday evening. The guests were the members of Helnek Chapter, Daughters of the American Revolution, and all came garbed as their conception of a witch. The party was held in the attic of the Winkle home, which had been transformed by the use of pumpkin faces, corn, and crepe paper, and the presiding witch held forth in an alcove where witch's brew was dispensed from a great iron kettle.

The hours were spent in the writing of original poetry, in charades and in dancing the Virginia Reel. The supper was served at 6.30 and twenty-three guests were present.

On Friday afternoon Mrs. Edward King entertained at her home in North Second street with an auction bridge party. Tables, numbering four, were arranged for the players and the game concluded with the souvenir being awarded to Mrs. John Franklin and Mrs. George Grueser. Luncheon was served sixteen guests, among them being Mrs. William Veitch (Lucy Blood) of Montana.

The Mystic club entertained with a banquet at the home of Mrs. Leah Cramer, Thursday evening. The members greatly surprised the hostess by coming masked and each bringing a guest. The various costumes afforded much amusement during the evening. The decorations in all the rooms were entirely in keeping with Halloween, the idea being carried out by the use of autumnal fruits from tree and field, while the lights were softened by the use of pumpkin faces and black and yellow crepe paper.

The I. N. W. club met at the home of Mrs. Rickett in Maple avenue Wednesday afternoon. Sixteen members answered roll call. A very interesting paper was read by Mrs. Hirst. Light refreshments were served by the hostess.

The next meeting will be at the home of Mrs. Crammer in Wyoming street, Wednesday, November 4th.

Mrs. Frank Sipma was delightfully surprised Friday evening when a few of her neighbors and friends called at her home 352 Union street, it being the hostess' birthday anniversary. The evening was spent in music and a social time.

Those present were: Mr. and Mrs. Oakleaf, Mrs. George Willson, Mr. and Mrs. Dan Hiler, Mr. and Mrs. Rothwell and son William, Mrs. John Scott and daughter Christine, Ada L. Winslow, Mrs. Rachel Ratcliffe, Mrs. Ada Larkin, Mrs. William Henry, Mrs. Morris Danby, Mrs. John Embrey, Mrs. J. F. Harner, Mrs. Charles Scott, Mrs. Marion Huffman and daughter Miss Laura Huffman. A dainty luncheon was served.

FOX-BUTTS.
August L. Fox, a painter residing in Union street, and Miss Bessie M. Butts, also of this city, were married by Squire D. M. Jones Friday evening. They will reside in this city, where the groom is employed at his trade.

The members of the Thalian and Athenian Literary societies of the Newark High school entertained on Friday evening in the Domestic Science Laboratories with a Halloween party. Their guests were the members of the faculty.

Friday evening Miss Florence Hillworth entertained with a masked Halloween party at her home in Wing street. After the masks were removed the evening was spent in games and music. The guests were ushered to the dining room, which was beautifully decorated.

A delicious luncheon was served to the following guests: Misses Pearl Hendall, Bernice Brown, Helen Conway, Mabel Lynn, Frances White, Vera Mitchell, Effie Plummer, Pearl Killworth and Helen Killworth. Messrs. Joseph Cocanour, George Young, Chester Cocanour, Lawrence Nutter, Clyde Lugeneal, Lawrence Ruckus, William Cook, Gerard Aultmeyer, Clarence Roberson, John White and the hostess.

Miss Marguerite Connors entertained a few friends at her home in East Main street on Friday evening with a Halloween party. The hours were spent in music and games and a delicious luncheon was served to sixteen guests.

The members of the Mountbuilders' Country club enjoyed a delightful Halloween frolic at the club house on Friday evening. All the rooms were arranged with autumn leaves and jack o'lanterns and dancing afforded entertainment for the evening. The members were masked and a luncheon was served.

Mr. and Mrs. McGrade of North Gay street delightfully entertained Friday evening the Eighth grade of the Conrad school, honoring their son, and surprising him.

Those who attended were Miss Browne, principal of the Conrad school, and Misses Mary Montgomery, Hannah Scott, Mary Schnaltd, Daisy Ball, Lida Cooperider, Gladys Deal,

Anabelle Carson, Thelma Alsop, Eva Dement and Masters Lawrence House, John Flouriege, George Boggs, George Fromholtz, Vernon Jones, Itoy McIlade, Arthur Brooks, Earl and Carl McIlade, Mr. and Mrs. George Tucker, and their son Wayne, and Mr. and Mrs. Jacob Deal, and Mr. and Mrs. William Austin of Frazeyburg.

call. Delayed telegrams from Constantinople indicated as late as last Wednesday that the British ambassador there had received assurance that Turkey was determined to preserve her neutrality.

The action of the Balkan States in this phase of the crisis is awaited here with keen interest.

Greece is expected to throw in her lot with the entente powers, Great Britain, Russia and France and it is felt here that Roumania probably will follow the same course. But Bulgaria which recently regained much of the prestige lost in the second Balkan war, preserves a stubborn silence. Revenge would impel her to an alliance with the Turks, but so far she is determined to maintain neutrality unless the borders of Bulgaria are crossed.

Rome reports that with Turkey in the arena the conflict is no longer European but Mediterranean integrity.

It therefore threatens Italy's interest in north Africa and raises the century old question of control of the Mediterranean. It would compel the Italian government to intervene on the side of the entente powers. Italy as a first step in her evident determination to be a factor in the control of the Adriatic has landed an expedition on the island of Saseno which commands the entrance to the harbor of Avlona, in Albania.

About Words.

Fairy was once a beautiful woman. Refer once meant only to carry back. Confer was originally simply to carry with.

Jade originally signified any rude person without regard to sex.

Craven was at first a man who had craved or begged his life of an enemy. Voyage was formerly any journey, whether by sea or land it did not matter.

Farewell originally signified "may you fare or travel well or in safety." Primrose was at first the prime rose, or the first rose that opened in spring. Polite at first meant polished and was applied to any smooth shining surface.

The word ascertain formerly meant nothing more than to make certain of a fact.

The word idea formerly meant a completed performance, whether mental or physical.

Old Wall Paper.

In many houses there are often left old lengths of wall paper, and these should be carefully preserved. Damage may be done when moving in, or later, a chair may get pushed roughly against a wall, and there is a bad tear. Get a piece of the paper, scallop the edges quite roughly and paste it over the place. The mend will be unnoticeable. But if the house is not new and the paper has faded the contrast is startling. In that case put a piece of the spare wall paper out of doors in the sun for two or three days. Dampen it occasionally. All that is needed is exposure.—Exchange.

For Myself and Family

Peruna has Done Wonders.

Mrs. Emma Stolt, No. 637 Atlantic St., Appleton, Wis., writes: "Peruna has done me a great deal of good since I began taking it, and I am always glad to speak a good word for it."

"Three years ago I was in a wretched condition with backache, bearing down pains, and at times was so sore and lame that I could not move about. I had inflammation and irritation, and although I used different remedies they did me no good. A neighbor who had been using Peruna advised me to try it, and I am glad that I did."

The Atmosphere and Beyond.

At what altitude above the earth would the atmosphere become too thin to breathe or to support life? What is beyond the atmosphere? asks a correspondent of the Indianapolis News, which replies:

"The height of the atmosphere has been variously estimated at from forty-five to a hundred miles, but with constantly increasing thinness. The comparatively short duration of twilight, which depends upon the atmospheric refraction of the light of the sun from below the horizon, shows that the atmosphere extends only a limited distance above the earth, and the difficulty of mountain climbers and aeronauts in breathing increases quite rapidly as one rises above sea level. The exact height at which the atmosphere would cease to support life cannot be stated, but, judging from the effects experienced by air explorers, it is not many miles from the earth. As to what exists beyond the atmosphere science offers no solution beyond the vague terms space and ether."

When Matches Were Introduced.

The Atlas, a London newspaper, published on Jan. 10, 1830, the following paragraph under the head of "Instantaneous Light": "Among the different methods invented for obtaining light instantaneously ought certainly to be recorded that of Mr. Walker, chemist, Stockton-on-Tees. He supplies the purchaser with prepared matches, which are put into boxes, but are not liable to change in the atmosphere, and also with a piece of fine glass paper folded in two. Even a strong blow will not inflame the matches, because of the softness of the wood underneath, or does rubbing upon wood or any common substance produce any effect except that of spoiling the match. But when one is pinched between the folds of the glass paper and suddenly drawn out it is instantly inflamed. Mr. Walker does not make them for extensive sale, but only to supply the small demand in his own neighborhood."

Hebrew in Scotland.

Although the famous Scottish reformer, John Knox, "had a fervent thirst" for Hebrew, it was not he, but one of his associates, John Row, called "Row primus," who first brought the Hebrew letters to Scotland, and among his most eager pupils was his own son, Row secundus, afterward the historian of the Church of Scotland. The first Hebrew book printed and published in Scotland, 1644, was a short grammar and vocabulary of Hebrew by Row tertius, the grandson of Row primus. In 1642, two years before the appearance of this tiny but epoch making book, a professorship devoted exclusively to the teaching of Hebrew was founded in Scotland—the Hebrew chair in Toon's college of Edinburgh. But the fact remains that, in the matter of Semitic scholarship, Scotland was at this period far behind England, for the mid-seventeenth century produced in England a galaxy of Semitic scholars, at whose feet the foremost students of the continent were proud to sit, and the works of Selden, Lightfoot, Pococke, Usher and the Polyglot Bible of Brian Walton remain to this day unsurpassed as monuments of Semitic learning.

The Meaning of Literature.
When we treat English authors as mere entertainers whose business it is to provide elegant amusement for our idle hours we are guilty of a misconception as to the meaning of literature which is denounced specifically or implicitly by every great critic in our language and which is certain to prevent all or almost all the possible good results of our study. The answer is to get entirely away from that theory of literature and to realize that the poets and novelists and essayists are men who are trying to unify and explain life to us and to give us the zest for it which their divine vision has brought to them. We must face literature squarely, recognize it as a record of the meaning of our civilization and without confusing it for a moment with history or philosophy give full weight to its historical and social and philosophical bearings. Finally, in order to give our students any love of literature which will be more serious than an idle flirtation, we must make plain to them that their first business is not to "appreciate," but to understand.—Atlantic.

London's Bellmen.

Other bells than those attached to churches used to disturb the slumbers of Londoners. Prior to the institution of watchmen every parish had its bellman, who used to stalk the streets all night. At irregular intervals he would ring his bell loudly and cry out, "Take care of your fire and candle, be charitable to the poor and pray for the dead." If he met any malefactor he rang incessantly until the neighborhood was roused to his assistance. A copy of verses published in 1683 by Isaac Bagg, "Bellman in the Parish of St. Giles in the Fields," describes his duties as:

To see your doors and windows all are fast
And that no villainy or foul crime be done
To you or yours in the absence of the sun.
If any base lark or I do meet
In private alley or in open street
You shall have warning by my timely call.
—London Chronicle.

How the Camel Got Its Hump.

In "The Women of Egypt" Mrs. Elizabeth Cooper, the author, says that when she decided to ride a camel and he was brought to the door she tried to make friends with him:

"I walked around him and examined him closely. He smiled at me with his hare lip, which, if tales are true, he obtained legitimately. When Allah created the first camel he was lonely and went around moaning and groaning over his fate. It was then that the sour, dissatisfied look came to his face that is a distinguishing mark of all camels. Allah became sorry for him, seeing what a fine disposition was being ruined, so he sent a genie to tell him that a spouse was being created for him. The news delighted the lonely camel so intensely that he smiled and smiled until he split his lip, and it has remained thus ever since."

A New Fish.

An angler, armed with every luxury in the way of bait and fishing gear, sat on the bank for hours without getting a bite. Seated near him was a small lad with a bough cut from a neighboring wood. At the end of this improvised rod were a bit of string, a bent pin and half a worm. First one fine perch was landed by this youthful angler and then another. Pleased with his success, he started for home and on his way met the vicar. "Those are two fine perch, my lad," said the clergyman. "No, sir; they're not perch," said the boy. "But they are," said the vicar. "No, sir; I'm sure they're not, for when I caught the second fish the gentleman next to me on the bank said, 'Well, that's the limit!'"—London Express.

Parade of the Snail.

Mons. like Namur, is fond of fete and processions and military pomp. Every year on Trinity Sunday comes the parade of Lume Con—Walloon for a snail. The snail, however, is a mighty dragon of thirty feet in length. When the march through the streets is ended a gentleman known as Gilles de Chin steps forward and pretends to slay the dragon—so that the parallel is complete. In this procession in former days an enormous cannon used to be carried. It is believed that the cannon was the one used at the battle of Crecy.—London Standard.

Limitations of Science.

"I get fearfully tired of our old graphophone records. They are always the same."

"Guess you'll have to stand 'em for awhile, my dear. Science hasn't as yet succeeded in perfecting a record that will improvise music."—Kansas City Journal.

The ancient Greeks called the rainbow "the scarf of Iris." Iris in their mythology was the attendant of Jupiter, always represented as being exceedingly beautiful.

Composing Letters.

It is related of a merchant that, impatient at the long delay of a customer in settling his accounts with him, he said at last to his young clerk, "Write to that man and tell him that I can wait no longer." "What shall I write to him?" the young man asked. The merchant was hurried and answered crossly and without thought, "Something or nothing, and that soon!" In a few days a check came from the delinquent, paying the entire amount of his indebtedness. Surprised, the merchant asked his clerk, "What did you write to that man?" "Just what you told me to," the young man answered. "I did not tell you what to write." "Yes, you did. You said, 'Something or nothing, and that soon.' I wrote that."

Inventing the Sleeping Car.

Inhabitants of Central City, Colo., will tell you that George Pullman got his idea for his sleeping car from the little cabin he occupied near the stamp mill when he was a pioneer at that place in the early sixties. This cabin had its sleeping quarters in the form of bunks along the wall to leave more space for the living room. In speaking to his friends of his idea of a sleeping car Pullman said it would look like a cabin with bunks along the sides. In 1862 Pullman left Central City, having made considerable money from his various ventures there. He kept experimenting along the lines of his idea and in 1863 constructed the first sleeping car of commercial value.—Wall Street Journal.

A Week of Blunders.

Sir William Harcourt once told me that he had dined out every night for a whole week in advance of his invitations. He discovered his mistake only on the last night, when on going to dine with some people who gave long invitations and large dinners he found them alone. After a very pleasant evening he thanked them for asking him in so friendly a manner, whereupon they explained that the invitation had been for a week later, but that they had been only too delighted at his mistake. On hearing this Sir William looked at his engagement book and discovered that this was the last of a number of invitations which he had anticipated by a week.—"Memoirs of Fifty Years," by Lady St. Heller.

Dragoons.

Four centuries ago, when firearms were in their infancy, soldiers were named from the weapons they bore. Thus infantrymen were called "pike" or "shot," according to their weapons. The "dragon" was a short musket or carbine, and the soldiers who bore them were dragoons. The original dragoons were mounted infantrymen, being organized as infantry. The original dragoons, being without cavalry training, were decidedly poor horsemen, but they improved until they were classed as medium cavalry.—American Boy.

RETURNS FROM ELECTION WILL LIKELY BE LATE

Judges and clerks at the coming election have been notified by the Licking County Board of Elections to count first the ballots for the state and county tickets, then the constitutional amendments or judicial tickets.

Election officials in every precinct in the county are requested to "phone in the result of the count on state and county tickets just as soon as it is completed. Call the rooms of the election board, Citizens' phone 4302, or Bell phone 14. The strict observance of this request will be appreciated by members of the board.

In many of the counties of the state, election boards have requested that the constitutional amendment ballots be counted first. This was done with the idea that it would take but a short time to complete the count, and the result would possibly be known over the state long before midnight. On account of the mixed tickets it will take several hours to complete the count of the larger ballot. To count the amendments first, and get these results, would seem more desirable than the opposite method of procedure.

Best For Large Sums

This Association is not merely a place for small savings. It offers also the best investment for large sums. We have many depositors each having several thousands or even more to his credit.

The one thing that appeals first and strongest to the thoughtful investor is the absolute safety insured by loaning on first mortgages, safeguarded by State Supervision and our large reserve fund of over \$130,000.00.

Next is the fact that while a large investor may EXPECT to invest his money permanently, he realizes that any one of a hundred things may happen to make him want to get his money, and for 34 years we have always returned our depositors money on request. These facts and FOUR per cent. interest make a VERY high class investment.

YOUR DOCTOR WANTS
His medicine to produce results. He knows what to expect from the pharmaceutical pure drugs and if his prescription is made up with these kind of drugs he knows it.

Drugs involve the question of kill or cure. If they're pure they'll cure, if not, they're more likely to harm than to aid. If you have to take medicine—don't fool about it—go where purity is made the standard of all drugs kept for sale.

We believe one drug store means these conditions of purity. This purity and prescription accuracy is for your benefit in exchange for your patronage.

FARMER'S WIFE TOO ILL TO WORK

A Weak, Nervous Sufferer
Restored to Health by Ly-
dia E. Pinkham's Veg-
etable Compound.

Kasota, Minn. — "I am glad to say that Lydia E. Pinkham's Vegetable Compound has done more for me than anything else, and I had the best physician here. I was so weak and nervous that I could not do my work and suffered with pains low down in my right side for a year or more. I took Lydia E. Pinkham's Vegetable Compound, and now I feel like a different person. I believe there is nothing like Lydia E. Pinkham's Vegetable Compound for weak women and young girls, and I would be glad if I could influence anyone to try the medicine, for I know it will do all and much more than it is claimed to do." — Mrs. CLARA FRANKS, R. F. D. No. 1, Maplecrest Farm, Kasota, Minn.

Women who suffer from those distressing ills peculiar to their sex should be convinced of the ability of Lydia E. Pinkham's Vegetable Compound to restore their health by the many genuine and truthful testimonials we are constantly publishing in the newspapers.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

SMALL HISTORY OF OHIO NEEDED IN THE SCHOOLS

(ASSOCIATED PRESS TELEGRAM)
Columbus, O., Oct. 31. — Frank W. Miller, state superintendent of public instruction, wants Ohio school children to know more about the history of their state. He said today he has been trying to find a good brief history of Ohio recommended for general use by history teachers in high schools.

The state campaign that is being waged now should be of interest to every high school boy and girl," said Superintendent Miller. "There is a historical significance in every state campaign which ought to be seen in the light of past history of the state, and future possible development. Youths should be taught particularly of the work of constitutional conventions in Ohio, the conditions which made them necessary and the results which follow. The early history of Ohio will be fascinating to children because there are pioneer tales, such as those of Indian raids, which gain interest by their local occurrence.

The newness of our entire country can be impressed on children in no better way than by teaching them of the social and economic conditions of Ohio communities with which they are familiar, as they were 50 and 100 years ago.

"I think, however, state history should not be emphasized to such an extent that it would overshadow national history. This mistake is made in a few southern states, I am told." Superintendent Miller declared no suitable histories are published for this purpose, but expressed the hope of inducing some person familiar with Ohio history to write a small book. Howe's history is too detailed, he declared.

FORMALITY

OF DECLARATION OF WAR NOT
BELIEVED BY EITHER RUSSIA OR TURKEY.

Contented That Turkish Army Is
Commanded in Large Part by
Germans.

(ASSOCIATED PRESS TELEGRAM)
London, Oct. 31. — No declaration of war has yet been made by either Turkey or Russia, and the suggestion is made from various sources that the German commanders of the cruisers Goeben and Breslau may have forced the situation without the authority of the Turkish government owing to Germany's chagrin at the defeat on the Vistula. Turkish fleet left Turkish waters undetected, and the various ships are now cruising about on the Russian coast.

The Petrograd correspondents, in their discussion of the situation, remark that the Turkish army is not altogether to be despised, especially as it is entirely under the command of German officers of the highest rank.

The Times Petrograd correspondent says that there are a thousand German officers in Turkey at the present time. The commander of the straits, Colonel Deyer, is a German, while General von Sanders commands the Ottoman troops.

The correspondent of the Daily Mail in Petrograd says that the Ottoman charge d'affaires is still there and professes to have no information regarding the action of his government. He also declares that the Russian ambassador at Constantinople has not as yet been handed his passports by the porte which only a few days ago assured the ambassador that Turkey's neutrality was firm. It is assumed this correspondent concludes, that Germany has found some means to force Turkey into the war.

The only message from Constantinople up to an early hour today was a delayed Reuter Telegram sent from Constantinople on Wednesday before the recent eventualities changed the face of affairs.

The Reuter message declares that war was farthest from the thoughts of the Turkish government. It says: "The grand vizier has renewed his emphatic assurance to the British ambassador that Turkey will not embark on a war. He plans to send Halil Bey, president of the chamber of deputies, on a mission to Berlin, Bucharest and Vienna. The object of the mission is to obtain a correct view of the status of affairs in Europe and to convince Germany of the necessity that Turkey shall not depart from its position of neutrality. Halil Bey is also to confer in Berlin with Ibrahim Kakkli Pasha, a former grand vizier, who has just arrived in the German capital from London."

19 CARNEGIE HERO MEDALS TO OHIOANS

BRAVERY OF ZANESVILLE AND
CONHOCTON MEN IN 1913
FLOOD REWARDED

From all Walks of Life Come Those
Who Thought Last of Self to
Save Others.

Columbus, Oct. 31. — Ohio leads all others, with 19 out of a total of 69 medals granted yesterday for the Carnegie fund for heroism. This is twice as many as any other single state was given.

Thirteen medals were awarded for heroism to those who lost their lives, one of those being from Columbus. In the aggregate, pensions or allowances to the amount of \$60,000 are awarded to survivors of such heroes.

Wyndham S. Sparling of Marietta and James S. Sargent of Troy get bronze medals for saving John C. Cain and family from the flood here March 25.

Another bronze medal goes to Arnold Wiesendanger who lost his life on the same day, trying to rescue Catherine J. Ford. The medal will be given to a sister in Zurich, Switzerland.

Silver medals coming to Ohio are listed:

J. Buchanan Johnson and Vernon F. Patterson of Zanesville, saved Henry E. Goins and family from flood of Muskingum and Licking rivers at Zanesville, March 26.

Raymond Harrison, Casstown, and Robert Kenney, deceased, attempted to save Edward Jones from flood of the Great Miami river, March 25.

Bronze medals awarded are:

Walter Schneider, Norwood, and Albert T. Oyler, Harrison, saved Grover C. Brown from flood of White river at West Harrison, Ind., March 26.

J. Oliver King and William D. Leib, West Liberty, saved Philip Henn, a railroad conductor, from drowning, when thrown into flood waters of Mad river by the collapse of a trestle on the night of March 25.

Irvin Skidmore, Shandon, saved William A. Bogart and family from flood of Great Miami river at Ross, March 25, 1913.

Clarence O. White, Piqua, saved Alphonso J. Collins, a negro, from drowning in flood of Great Miami river at Rossville, March 26.

Richard G. Bateman, Piqua, saved several girls from drowning in flood of Great Miami river at Piqua, March 25.

Cicero C. Chamberlain, Richmond Dale, saved George W. Baxter and Pearly McLaughlin from flood of the Scioto river at High, March 26.

Burt W. Houseman, Indianapolis, Ind., and Arthur E. English of Delaware, saved Walter W. Raines from flood of Olentangy river at Delaware, March 25.

Harry S. Keiser, Delaware, attempted to save four women from flood of the Olentangy river at Delaware, March 25.

T. Melvin Marshall and James W. Marshall, Conhocton, saved 23 persons from flood of Muskingum River, March 25.

March 25 and 26, 1913, were the great hero-making days, 21 of the heroic acts in the list given out yesterday having been recalled from those days of flood along the Ohio and its tributaries.

In all, 15 silver medals and 51 bronze medals were awarded yesterday. In 50 cases sums aggregating over \$60,000 are appropriated for education, purchase of homes or other worthy purposes that may be approved by the commission. Students figure most prominently in the rescue work, but the occupations given in the lists show there are heroes in every walk of life, from clergymen to laborers. With yesterday's awards there is a list of close to 1000 "heroes of peace" who have been awarded Carnegie medals since the fund was established 10 years ago.

SPRAGUE COMPANY IS NICELY LOCATED IN NEW BUILDING

The Sprague Grocery company is now nicely settled in its new location on Canal street, just east of Second street in the Brown building, formerly occupied by the Ball-Fintze company.

The building and location are ideal and tracking for the delivery and shipment of goods was the main consideration when the company made the change. A spur from the B. and O. runs directly to the doors of the building.

An Advocate representative was shown over the place by Mr. George B. Sprague, president of the company, and was amazed at the immensity of the plant, thousands of feet of floor space caring for a maze of a thousand and one things in barrels, boxes and cartons, for the Sprague Company is one of the largest in the state.

There are three floors and a basement for the storage of goods and all are filled to capacity with the different articles and provisions handled by a grocery. The office is on the second floor and all rooms in the building are well lighted and ventilated. To one unfamiliar with the operations of a wholesale grocery plant a trip through the concern is a revelation and one is astonished at the immensity of stock which it is necessary to carry in order to supply the trade. The officers of the Sprague Company are highly pleased with the change which they have made and predict a splendid business for many months to come.

A good memory is one that enables a man to forget his troubles.

NEWARK HIGH OVERWHELMS GAMBIER BOYS

Newark High defeated the youthful Gambier eleven at White Athletic Field, Friday afternoon, by a score of 52 to 6. To the spectators on the side lines, it was difficult to see where Newark got much satisfaction out of the victory. The Gambier eleven averaged not much more than 100 pounds per man, many of the players being mere children. Yet they put up a stubborn defense and it was only occasionally that the visitors showed any indication of hesitation in getting into the midst of the fray.

The game was a disastrous one to Newark, because of the fact that an injury sustained by Halfback Brown will deprive the Newark team of his services in the important Delaware game here next Sunday afternoon. Brown suffered a fracture of the shoulder during a scrimmage towards the close of the second quarter. He was assisted to an automobile and brought down town to a physician.

Gambier made itself popular with the spectators by twice holding Newark for downs on the goal line. Only twice during the game did the Gambier school make first downs against the Newark team. Bickle of Gambier, was effective, except in forward passing. Few of these were completed, though this play was tried more than any other.

On the other hand, Newark's forward passes were made frequently for long gains. In punting, Gambier was the equal of Newark, the teamwork of Bickle being particularly effective.

Before the close of the game, practically the entire string of Newark substitutes had been assigned to positions on the team, to give them experience in the game against opponents.

The two spectacular plays of the game were 70 yards runs made by Jones of Newark, and Bickle of Gambier. Jones received a punt on his 30-yard line and ran the length of the field for a touchdown.

In the third quarter, Bickle intercepted a forward pass, evaded Newark's back field and ran 70 yards for a touchdown, scoring the only points for his team. Lineup and summary: Newark (52). Gambier (6).

For County Treasurer

CLARENCE C. FRAVEL

To the Voters of Licking County:

The campaign is now drawing to a close, and my only regret is that I have not had the pleasure of making the acquaintance of every voter in Licking county. The reason for same is simply lack of time between the Primary election and the November election.

In making this final appeal to you I desire to thank everyone for the many courtesies extended to me during the campaign, and for everything that has been said and done in my behalf. As I have previously stated, I firmly believe that a candidate's qualifications and ability to fill the office to which he aspires should be considered. I ask you to give my candidacy your consideration before you cast your ballot at the polls Tuesday, November 3rd. Inquire into my qualifications and ability to fill the office of County Treasurer.

This county has some 15,000 voters and I am sure you will agree with me that there are hundreds of men in this county that are qualified to fill this office and do the work as will meet the approval of the people of Licking county.

I am sure you will agree with me that this county has more than one man that can fill this office and that it is not necessary for this county to educate and train a man for a period of six or eight years as a deputy, before he is qualified to fill the office of County Treasurer.

This office has been in the hands of a few men for years and this same aggregation is now trying to retain this office. I do not belong to any ring, no man or ring has control of me now, or will have, if I am elected to the office of County Treasurer, as I believe, and feel sure you will agree with me, that this office belongs to the people of Licking county and should not belong to any ring. I am aspiring to the office with the knowledge that I can discharge the

duties of the office as capably, efficiently and as conscientiously as any man who may have served as deputy and is simply waiting to fill the shoes of his chief. In other words, any man who has been placed in the rotation in office column.

I am making an honest effort to be elected, by going out among the voters and making your acquaintance, and not relying on any ring to carry me through. If I am elected, I will give the office my personal attention every day, and not use same as a side issue. I will be there every day, to meet everyone, and any business you have with the Treasurer's office will receive my very best attention, and I will see to it that to the very best of my ability, I have been your servant in the County Treasurer's office.

If you are opposed to rotation in office from deputy to chief, and chief to deputy,

If you are opposed to a few men retaining control of this important office, which rightfully belongs to the people,

If you believe that Licking county has more than one man that can fill the office of County Treasurer,

If you believe that it is not necessary for Licking county to educate and train a man for a period of six or eight years as a deputy before he is qualified to fill the office of County Treasurer,

If you agree with me in the above statements and I in your belief will fill the office of County Treasurer in a satisfactory and creditable manner, and I meet with your approval, I assure you I will very much appreciate your vote, and if I am elected I pledge myself to you to give the best that is in me to fill the office of County Treasurer in a manner that will meet the approval of the people of Licking county.

Trusting I may receive your support, I am, yours very truly,

THE BUTLER FURNACE

Solves The Gas Problem

It will burn slack coal as well as other furnaces burn the best.

What are you now spending for coal, coke, slack, wood or gas?

Whatever the sum is, you can cut it in half with a Butler Furnace. **THE BUTLER EMITS NO SMOKE—IT BURNS IT.** Every cubic inch of smoke that comes from your chimney represents just so much wasted heat energy that you pay for in your fuel bills. Every pound of soot that lodges in your pipes, every shovelful of ashes taken from the clean-out is a total loss. The Butler turns this waste into power. You are now paying for a Butler Furnace by not having one—in the fuel you waste.

The first cost is the only cost of a Butler. There are no fire bowls to crack. No repairs. An extra amount of radiating surface.

The Butler Furnace will last a lifetime. It's the one furnace you want.

We give prompt and careful attention to all inquiries.

NOSE CLOGGED UP FROM COLD OR CATARRH OPENED AT ONCE

Instantly Clears Air Passages; You Breathe Freely; Dull Headache Goes; Nasty Catarrhal Discharge Stops.

Try "Ely's Cream Balm."

Get a small bottle anyway, just to try it—Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning the catarrh, cold-in-head or catarrhal sore throat will be gone.

End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake tonight struggling for breath, with head stuffed, nostrils closed, hawking and blowing Catarrh or a cold, with its running nose, foul mucous dropping into the throat, and raw dryness is distressing but truly needless.

Put your faith—Just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.

Lodges

COURT OF HONOR SET.

Court of Honor lodge met Thursday evening, Oct. 27, with fair attendance. This being the time set to decide the question of assisting in the erection of a Tuberculosis Hospital and Homes for Aged and Orphan Court of Honor members which was decided in favor of the home. For 5 cents extra each month entitles any member or any one dependent on a member to a place in the Hospital or Home which we believe will prove a blessing to the afflicted and aged. Our next meeting night will be Nov. 21. Let every member be present.—M. L. Redman, recorder.

K. OF P. Uniform Rank.

Licking company met in regular assembly, Wednesday night with a very good attendance. The invitation of the Southeastern Pythian Jubilee Court to take part at the meeting on Tuesday Nov. 5th was accepted and every Str. Knight is requested to attend in Full Dress Uniform. (Helmets.) A general parade will proceed the meeting. Arrangements have been made with the Ohio Electric and a special car will leave Newark at 6 o'clock. The subordinate lodges go on the same car. Round trip 50c. Come out and help boost for the next grand lodge at Zanesville.

Newark Lodge No. 13.

Newark lodge met Thursday night and conferred the Page Rank upon four applicants and also the Esquire Rank. Two new petitions were received and three balloted upon.

Next Thursday night the Esquire Rank will be conferred upon a class of Paces.

Next Thursday night there will be a meeting of Pythians of Southeastern Ohio at Zanesville. A number of Newark Knights are going. The Uniform Rank will lead the parade in Zanesville. The Interurban car leaves at 6:00 o'clock. It is hoped that good attendance will be had at our meeting here in Newark on that night to help with the degree work. Refreshments will be served.

Roland Lodge.

The impressive Page of First rank was conferred upon six candidates by Roland Lodge, No. 305, last Tuesday evening. A goodly number of the brothers witnessed the work. After the degree work was over Brother C. S. Osborn brought in a bushel of apples, to which all did ample justice. Thursday evening, Nov. 5th, there will be big doings in Zanesville. An enormous crowd is expected. The Uniform Rank and many others are going on the 6 o'clock car. Supreme Chancellor Bris S. Young is expected to be present. Govern yourselves accordingly.

On Thursday evening, Nov. 12th, the annual county meeting will be held in Johnstown, according to information given out by County Deputy Rohrer of Granville. These county meetings are big affairs, and no doubt a number of automobile loads from this city will make the trip.

No degree work next Thursday evening, but after the regular routine is over a good social time is planned. The entertainment committee has also arranged to be on hand with something for the inner man. You know what that means.

DAUGHTERS OF VETERANS.

The daughters of Veterans met Tuesday evening, with the Pres. Mrs. Hickman in the chair.

There was a good attendance and an interesting meeting followed. The regular routine of business was amicably adjusted. Local communications as well as state department were read and very much enjoyed. For the good of the order, Sister Mrs. Burrell read a tribute to the monument of one of our heroes, Gen. Garfield, which met with a round of applause. Sentiment like this is the inspiration to our noble work.

Sister Mrs. Ellery was with us and gave a short, pleasing talk.

The Daughters will give an oyster supper Nov. 14th at the hall. The next meeting will be Nov. 19th. The sisters are most earnestly requested to be present. We need practice in floor work. Visiting members always welcome.

W. L. M. C.

Woman Loyal Moose Circle met at Moose Hall Tuesday evening at 7:20 with a good attendance. Found one candidate awaiting after a short session we closed for our euche card party which was a grand success.

All members are requested to be out at our next meeting night, which will be on Monday evening at Moose Hall at 7:30. The men want the hall for Tuesday evening.

I. O. O. F. Olive Branch.

Tuesday evening, Oct. 27th Olive Branch Lodge met in regular session with a fair attendance. The third degree was conferred in good form. Next Tuesday evening, Nov. 3rd the initiatory degree will be conferred. Let all members of the degree staff take notice and be on hand to their part in the work.

We urge all members and brothers to come out and take part in these meetings as there is always something doing.

At. Olive Encampment No. 12.

At a special meeting of At. Olive Encampment, Thursday evening, Oct. 29th, the Patriarchal degree team went through the work in good shape.

We will confer the Patriarchal degree on a class of candidates Thursday, Nov. 5th. This will be a good session and we hope to have a large turnout. Thursday, Nov. 19th is the date of the big meeting for all subordinate members. Remember Patriarchs, to be present at these two meetings.

Newark Lodge No. 600.

At the regular meeting of Newark lodge, Monday evening, Nov. 2 we will confer the second degree on a class of candidates. There is a great deal of interest in Odd Fellowship at this time and we will have an excellent session. We are planning some good meetings for the near future. Come out to lodge and get next to the plans.

BLAME RUSSIA FOR ACTION OF TURKEY IN WAR

(Associated Press Telegram)

Berlin, via Amsterdam and London, Oct. 31.—"It must be emphasized that it was not Turkey, but Russia which started the war," says the Lokal Ansteler, commenting on the Russian situation. "Turkey's attack on Theodosia was a natural sequel to the outrageous Russian attack on Turkey's integrity. The breach of peace was Russia's work."

The Tageliche Rundschau says: "Turkey's action has been expected or a long time by the whole world after the Anglo-Turkish frontierries against the port."

"Turkey is to be congratulated on its honorable action," continues the paper. "We sight no allies but we welcome the better one who takes our part in recognition of its own best advantage."

The Tageliche Rundschau says that the first blow struck "in defense by the Turkish fleet in the Black Sea hits hard at Russia, which at the end of the last century held out a threatening hand to seize Alesia and also asked Germany's aid." The paper adds: "The second blow of the Turkish fleet, it is hoped, will be aimed at England which for a long time has pursued an ambition for weakening Turkey."

BIG MONEY IS READY TO WAGER ON GOVERNOR COX

Many bets are being recorded over the city. Thursday a well known oil man bet \$300 that Willis would be elected, the bet being taken by the proprietor of a cafe on the public square. Several others have made bets of \$100 even on the state and a well known proprietor of a cafe in West Park Place has posted \$2,500 that Cox will carry the state. He has had but few calls for any part of it.

Many bets have been registered on the county ticket and the Democratic letters can not get any more money placed as the other side is weakening and will not back their favorites, indicating that they are beginning to realize that the entire county ticket will go through with the old time Democratic majority.

Several freak bets have been made, one by a well known official that one of the state candidates on the Republican ticket would have 200 plurality in this county. Another between two young men of sporting proclivities, one of whom is to walk backwards to the four mile lock, if his candidate is defeated.

Only a few bets have been made in Newark on the amendments and they were small bets of \$5 and \$10.

Bowling

The Saints won two out of three games from the Royals last night in the Pastime League games. Capt. Swisher of the Saints, had high score and high average. The Saints have started now and Capt. Swisher says the other teams better look out.

Have you ever noticed the bond of sympathy between fellows who are having the same engine trouble? Some fellows are born lucky and others have just enough rheumatism to get by without working.

Sister: Read My Free Offer!

I am a woman. I know a woman's trials. I know her heart is weary and her life is a struggle. If you, my sister, are unhappy because of health, if you feel unfit for household duties, social pleasures, or daily employment, write and tell me just how you suffer, and ask for my free ten days' trial of a home treatment suited to your needs. You cannot understand women's sufferings. What we women know from experience, we know better than any man. I want to tell you how to cure yourself at home at a cost of about 12 cents a week.

If you suffer from women's peculiar ailments causing pain in the head, back, or bowels, feeling of weight and dragging down sensation, falling or displacement of pelvic organs, causing kidney and bladder weakness or constipation and piles, painful or irregular periods, catarrhal conditions and discharges, extreme nervousness, depressed spirits, melancholy, desire to cry, fear of something evil about to happen, creeping feelings along the spine, palpitation, hot flashes, a nervous, restless complexion with dark circles under the eyes, pain in the left breast or a general feeling that life is not worth living, and learn how these ailments can be easily and surely conquered at home without the dangers and expense of an operation. When you are cured, and able to enjoy life again, you can pass the good word along to some other sufferer. My home treatment is for young or old. To Mothers of Daughters, I will explain how to overcome green sickness (chlorosis), irregularities, headaches, and lassitude in young women and restore them to plumpness and health. Tell me if you are worried about your daughter. Remember it costs you nothing to give my home treatment a ten days' trial, and does not interfere with daily work. If health is worth asking for, then accept my generous offer and write for the free treatment, including my illustrated booklet, "Women's Own Medical Adviser." I will send all in plain wrappers postpaid. To save time, you can cut out this offer, mark your feelings, and return to me. Send today, as you may not see this offer again. Address: **MRS. M. SUMMERS, Box N, SOUTH BEND, IND.**

"THE WAY TO GO"

Go To Church Sunday November 8th

Most cities and larger towns in Ohio have inaugurated at some particular time a GO-TO-CHURCH SUNDAY, with fine results, and Newark, always in the van in every enthusiastic undertaking, proposes to make Sunday, November 8th, NEWARK GO-TO-CHURCH SUNDAY. Most people go to church, but not all the people go to church on the same Sunday.

It is now planned to get all the people at church the same day, and thus fill to overflowing all the churches of the city. This will advertise Newark as a church-going town. Again, it is believed that the church-going habit is one that everyone should learn. Let everybody go SUNDAY, NOVEMBER 8th.

We hope the people of the neighborhood will attend these union services the next two weeks better than they did last Wednesday night.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure it, have ruined many a family. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Dr. J. C. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally. It is a direct cure on the blood and mucous surfaces of the system. They offer a guaranteed dollar for any case not cured. Send for circulars and testimonials. Address: J. C. CHENEY & CO., TOLEDO, OHIO. Sold by Druggists. The T. H. Family Bible for constitution.

Privilege-Duty-Pleasure & Benefit

We hear much in these days about progress and human uplift, but we cannot have any substantial progress unless we have our forward work centered around the Golden Rule, and made a part of Christian faith.

There are so many reasons why we should attend church that it is strange any fail to grasp the necessity of it.

Church-going is not, essentially a matter of pleasure, though those who habitually go to church get a great deal of pleasure of it.

Church going is merely a matter of duty, though everyone should realize he is more certainly doing his duty as a leading citizen, or as an average citizen, if he goes to church regularly.

Church-going is by no means a matter of business, though there are some who go to one church or another in the vain hope, or possibly with the expectation that, at any rate, it will not be detrimental commercially.

Church-going must not be just a matter of habit, because if it is only a habit, it becomes perfunctory and much of its value is lost.

Church-going must be spontaneous; you must go because it is good to go, because at church you get mental and spiritual uplift and also get inspiration and purpose to help those about you.

Church-going makes broader citizens, better characters, higher ideals and takes out of life, self, and puts into life, community service.

Y W C A NOTES

You are coming to the Halloween party tonight, at the Y. M. C. A., aren't you? For members of the Y. W. C. A. and Y. M. C. A. and their friends and we hope to see you there.

The following classes have begun in earnest work: Gymnasium, sewing, cooking and basketry. The Industrial Club members are registered in gymnastics, sewing, cooking, dramatics, Christmas novelties, and Bible study. While the numbers are not large in any of the classes, the genuine interest is great and therefore more satisfactory results may be expected in the individual.

The Dramatic class, under the direction of Miss Lindsey, is hard at work preparing for the Foreign Association Pageant to be given in the High school auditorium, Thursday night, November 12. These and many other association aims, invite your attention to the presentation of the work of the Young Women's Association in other lands. The purpose is educational rather than a money making plan.

Miss Julia Sells, pianist for the gymnasium department, is spending the week in Ohio. In her absence, Miss Olive Bangman has been very ably taking her place.

All girls to be part in the chorus for the Pageant are asked to meet at the Association Monday night at 7:30.

Y. M. C. A. NOTES

H. J. Dickerson of room No. 4 went to Athens last evening to see Ohio University football today.

Next last Sunday in the Y. M. C. A. the day with Miss Thompson and friends at New Concord, Ohio. One of Steubenville, who has been visiting at home last evening. He will stay in Steubenville until after election.

The following organizations held building since last week: The Y. M. C. A., Teachers' Association, Temperance Organization, Mendelssohn Choral society.

The Y. M. C. A. has been shut down on account of the illness of Mr. Cook, who does the better work and expects to be back next Monday.

Ralph Martin has been working on the new building. This has been a very cordial and successful social with Y. M. C. A. members at the

building tonight. A good time is assured. Come and see. Earl Houser went to Lancaster on Wednesday to stay over Sunday with his family.

All members of the association should plan to attend church on Sunday, November 8th. This is Newark Go-To-Church-Sunday. Let no member fail to attend somewhere. One member who rooms in the building has not missed Sunday school for ten years.

A card from J. W. Munro, who is now in New York City says he is well and happy. He sells golf supplies in the east.

The regular shop meeting was held at Heisey's on Thursday afternoon. Dr. C. H. Stull spoke on the Temperance issue. Miss Mary Hughes assisted with the music.

Work was secured for four boys within the past week. There are a number on the waiting list. Those winning men or boys for odd jobs should call the Y. M. C. A. Phones, Auto 1322, Bell Main 12.

All gymnasium classes are being well attended. Wilson Galloway, the physical director, has recovered from the operation on his nose and is again able to take charge of all classes.

GO TO CHURCH DAY NOV. 8TH

The Protestant churches of Newark, without exception, are entering heartily into the preliminary preparations for "Go-To-Church Sunday," the date of which has been set for Sunday, November 8. It is confidently expected that it will be the biggest event of the kind that has ever been attempted in the city. The effort will be made to bring an urgent appeal to every man, woman and child to attend some church on the day appointed. A systematic plan of advertising will be carried out. Two large banners will be placed on the public square, one will be stretched across the street at the intersection of West Main and Union, and another at East Main and Cedar streets. Cards will be placed on the front of the street cars and handcars, and inside the cars, by courtesy of the Ohio Electric company. Door-knobs will be hung upon the doors of practically all of the homes in the city on Saturday, November 7th. In addition to all of this display advertising will be run in the daily papers. Nineteen churches are co-operating in this movement, and it is fully expected that there will be a great outpouring of people to attend the various churches of the city on that day.

It can not be otherwise than that this co-operative effort will bring a great stimulus to the various churches, and to the individuals as well, and prepare the way for the simultaneous revival meetings to begin November 15. Let every citizen of Newark plan to attend some church Sunday, November 8th.

The hotel-bound individual goes to extremes when he gets cold feet.

The football player should kick with his whole soul, and his toe as well.

High School Notes

Juliet Besuden, last year's editor of "The Revellie," paid the school a visit Wednesday.

"When the moon's a jack o'lantern, And the Fates have power again; Won't you come and bring your 'punks' To the fete of Thailian?"

This is a sample of the invitations issued by the Thailian Literary society for a Halloween Party, which was held last evening in the Domestic Art room of the high school. Invitations were given to the Athenian Literary society, and to the members of the faculty and their wives.

A delightful evening was spent in playing games and enjoying the very appropriate refreshments of doughnuts, sandwiches and cocoa.

There were only two vacancies in the society this year, and Lorena Berger and Elizabeth Kibler were the ones selected to fill up the ranks. These were present to enjoy the evening with the others.

Programs were given yesterday morning in all of the rooms. Some were of the nature of Halloween, while others were of travel. Room No. 13 had a unique program, most of which was illustrated by the use of the lantern. The teacher, Miss Bertha Crilly, had secured many picture post cards illustrating a trip up the Hudson. The pictures were described in the following program:

The Start—New York Harbor, Riverside Drive, etc.—Ruth Ditter.

Colonial Mansions in New York and Vicinity—Helen Hall.

The Washington Irving Reclon—Mildred Eade.

"Wolfert's Roost"—Jenkin Jones.

United States Military Academy—Manly Foster.

Poughkeepsie and Albany—Marguerite DeFrance.

Critic's report—Samuel Hoffer.

The following program was rendered in Room No. 15. Miss Eunice Thomas, teacher.

Sane and Safe Halloween—Harrold Shannon.

Paris: Hazel Barnes.

Berlin: Allene Danforth.

Antwerp: Hazel Devereaux.

Modern Warfare—Peter Baruzas.

The Horrors of War—William Alsbach.

and we hope this year will be no exception.

The football team has taken on new life, and as a result beat Zanesville good and hard. Delaware comes next Saturday and this will be a great game, as both teams are in fine shape. Charles Brown is proving himself a good captain, while Joe Hawkins is keeping up the business end of the work in fine shape.

Your Fall Cold Needs Attention.
No use to fuss and try to wear it out. It will wear you out instead. Take Dr. King's New Discovery, relief follows quickly. It checks your Cold and Soothes your Cough away. Pleasant, Antiseptic and Healing. Children like it. Get a 50c bottle of Dr. King's New Discovery and keep it in the house. "Our family Cough and Cold Doctor" writes Lewis Chamberlain, Manchester, Ohio. Money back if not satisfied, but it nearly always helps.

SAGE TEA TURNS GRAY HAIR DARK

It's Grandmother's recipe to bring color, lustre and thickness to hair when faded, streaked or gray.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray, streaked and looks dry, wispy and scraggly, just an application or two of Sage and Sulphur enhances its appearance a hundred-fold.

Don't bother to prepare the tonic; you can get from any drug store a 50 cent bottle of "Wych's" Sage and Sulphur Hair Remedy, ready to use. This can always be depended upon to bring back the natural hair and remove dandruff, stop scalp itching and falling hair.

Everybody uses "Wych's" Sage and Sulphur because it deters so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy, lustrous and abundant. Agents, Hall's Drug Store.

Apply Sloan's Freely For Lumbago.

Your attacks of Lumbago are not nearly so hopeless as they seem. You can relieve them almost instantly by a simple application of Sloan's Liniment on the back and loins. Lumbago is a form of rheumatism and yields perfectly to Sloan's, which penetrates quickly all in through the sore, tender muscles, limbers up the back and makes it feel fine. Get a bottle of Sloan's Liniment for 25 cents of any drugist and have it in the house—against colds, sore and swollen joints, rheumatism, neuralgia, sciatica and like ailments. Your money back if not satisfied, but it does give almost instant relief.

RESINOL HEALS ITCHING ECZEMA

The Easy Way to Get Rid of Torturing, Unpleasant Skin Eruptions.

If your skin itches and burns with eczema or other tormenting, unsightly skin trouble, simply wash the sore places with Resinol Soap and hot water, dry, and apply a little Resinol Ointment.

The itching stops instantly, you no longer have to dig and scratch, sleep becomes possible, and healing begins at once. That is because the soothing, antiseptic Resinol medication strikes right into the surface, arrests the action of the disease and lets the tortured, inflamed skin rest, almost always restoring it to perfect health—quickly, easily and at little cost.

Resinol Soap and Resinol Ointment are also speedily effective in even severe and stubborn cases of pimples, blackheads, dandruff, sores and piles. Prescribed by doctors for over nineteen years, and old by practically every druggist. For free trial, write to Dept. E. K. Resinol, Baltimore, Md. Don't be deceived by inferior "substitutes."

HEADACHE, COLDS, COSTIVE BOWELS, TAKE CASCARETS

Get a 10-cent box now. You men and women who can't get feeling right who have headache, coated tongue, bad taste and foul breath, dizziness, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach, or have a bad cold.

Are you keeping your bowels clean with Cascarets, or merely forcing a passage every few days with salts, cathartic pills, or castor oil?

Cascarets work while you sleep; cleanse the stomach, remove the sour, undigested, fermenting food and foul gases; take the excess bile from the liver and carry out of the system all the constipated waste matter and poison in the bowels.

A Cascaret tonight will straighten you out by morning a 10-cent box from any drug store will keep your stomach sweet, liver and bowels regular, and head clear for months. Don't forget the children. They love Cascarets because they taste good—never gripe or sicken.

Theatres

Itala Manzini, the Beautiful.

People who have witnessed an exhibition of Gabriele d'Annunzio's "Cabiria" at the various theatres throughout the United States where it has been playing the past few months, have remarked on the beauty of Itala Manzini who portrays the character of Sophonisba, daughter of Hasdrubal, military governor of Carthage during the second Punic war, in which the action of this masterpiece of the screen takes place. Signor Manzini is a truly beautiful woman of the Italian type, and has been a member of the Itala Film Company for the past two years, playing roles which, though important, were of minute importance when compared with the character requiring the dramatic and tragic art necessary to the correct portrayal of the historical character of Sophonisba. Previous to her debut as a motion picture actress, Signora Manzini was a popular stage favorite, having appeared in Goldoni's "I promessi sposi" (The Promised Bride) at the Teatro Constanti in Rome, the San Carlo Teatro in Naples and the Scala Teatro in Milan.

"Cabiria" will begin a four days' special engagement at the Auditorium tomorrow afternoon. There will be special prices for this great cosmopolitan production.

Auditorium Tonight.

Tonight will be your last opportunity to see "Atlantis," the film sensation of the year at the Auditorium Theatre. Large crowds were in attendance at the popular play-house to witness this wonderful and sensational photo-production and all proclaim it was one of the most interesting of films that they had ever seen.

The interesting story of the novel has been closely adhered to in the film version, and all the thrilling incidents that the author relates are vividly depicted. As in the book the scenes on board the steamship "Roland" form an important part of the motion picture play, two entire reels being devoted to the events leading up to and including the great shipwreck.

The Great Northern Film company expended a vast amount of money in producing the spectacular photoplay. A big ocean liner was purchased to secure the scenes on the boat and the shipwreck. 500 films appeared as the passengers.

Williams Singers to Appear for Moore.

The world-famous Williams Colored Singers will give a return concert in this city at the High school auditorium on Friday evening, Nov. 20, under the auspices of the Moore lodge. This company appeared here last season and made such a splendid impression that it was secured for a return date.

The program will consist of jubilee songs, plantation songs, negro melodies, camp meeting songs, negro lullabies, comic, cabin, river and sentimental songs, ballads, ragtime songs, classic selections and sacred songs. The entire company is composed of a double quartette, that is a male and a ladies quartette, and the selection of songs varies from the negro and cabin songs.

The Williams Singers have toured England, Scotland, Wales, Holland, Belgium, Germany and France. They were eighteen weeks in London where they gave 130 performances, singing in many of the best known theatres.

Miss Alice Coon Brown, the musical and dramatic critic of the Ohio State Journal has the following to say of the concert given in Columbus by the company:

"Good singing and many different kinds was offered in Memorial Hall by the Williams Colored Singers. There are eight in the company, seven singers and a pianist, and they have a surprising volume of tone and their tones are sweet and smooth unmarred by the harshness occasionally heard from colored singers. Classical selections, romantic songs and plantation melodies are in their repertoire and they give them all good interpretations. Their voices are even, smooth and well sustained, and all the singers understand the art of enunciation.

ENGLISH FORCE BAVARIANS TO GIVE GROUND

London, Oct. 21.—The correspondent of the Times in northern France, in reporting that the allies have reoccupied Lille, says:

"The emperor had his wish. His Bavarians have met the English just once in the center of the battle line in Flanders, in a small corner of France north of Lille. The Bavarians have been forced back foot by foot on the Belgian frontier.

"This is the explanation of the sudden retreat of the German right wing on the Yser between Nieuport and Dixmude. The German center had been defeated and the right wing was compelled to fall back.

"The fighting has been furious for many days and the little British army was vastly outnumbered, but in the end the British have beaten the Bavarians. It is still a long, long way to Calais via Ypres.

"South of Lille the position is more obscure.

"The Germans are in strong force near La Bassée. Their big guns found the range of our trenches with terrible effect. The German infantry twice broke through here, too, they were finally repulsed and the last road to the coast has been closed to the Germans."

IF BACK HURTS BEGIN ON SALTS

Flush the Kidneys at once when Backache or Bladder bothers—Meat forms uric acid.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a teaspoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

Keep Your Stomach and Liver Healthy

A vigorous stomach, perfect working liver and regular acting bowels are guaranteed if you will use Dr. King's New Life Pills. They insure good Digestion, correct Constipation, and have an excellent tonic effect on the whole system—Purify your blood and rid you of all body poisons through the Bowels. Only 25c. at your Druggist.

COMPANIES WILL INSTALL SCHOOLS FOR "HELLO GIRLS"

Columbus, Oct. 21. Schools for "Hello girls" will be established in every city and town within the next year, to show telephone operators how to give the best service, the Ohio Independent Telephone Association decided at the closing session of its meeting here today. Delegates agreed that the human part of their machines, the exchange girls, should be given more teaching concerning their duties.

The board of directors was authorized to select officers for the next year. No place for the next meeting was chosen. A number of technical addresses were given today by telephone experts.

FREIGHT RATES TO BE READJUSTED IN SOUTHEAST

Washington, Oct. 21.—Freight rates throughout what is known as "southeastern territory"—east of the Mississippi and south of the Potomac and Ohio rivers—were generally readjusted yesterday by a decision of the interstate commerce commission. The decision, supplemental to one announced several months ago, concerning operations of the long and short haul law, with respect to class commodity rates from all sections of the country to destinations in the south Atlantic and gulf states, authorized the carriers in most instances under specified restrictions, to continue existing class and commodity rates, which in most instances, are higher to intermediate points than to the more distant points.

Rates on both class and commodity freight from New York and the east generally, from St. Louis and Chicago and from all Ohio river crossings and Louisville and Cincinnati to and from points in the south Atlantic and gulf states are affected.

In most instances existing rates are authorized, in which there are technical violations of the long and short haul provision, but in five specific instances the commission declined to grant a permission to the carriers to exact higher rates from the northern and eastern points named to intermediate destinations than to the more distant points. The decision is effective April 1, 1915.

Twelve questions on cross examination

Who feeds the drunkard's children? Who provides for the drunkard's wife? Who supports the beggerly tramps, who, having wasted their money in drink, wander about the country?

Who builds the asylums where crazy drunkards are kept? Who supports the idiotic children of drunken men? Who pays the attorneys and juries and judges who try drunken criminals? Who pays the expenses of trials and commitments and executions occasioned by the crimes of drunken men?

Who builds and supports almshouses, which but for drink might remain unoccupied? Who endures the suffering and losses and brutality which are due to the recklessness and insanity of drunken husbands and fathers? Who pays for the inquests held on drunkards found dead by the wayside? Who pays for a pauper's coffin, and digging a grave in potters field, when the last glass has been drunk?

Who pays the bills? The drunkard cannot, for he has wasted his substance in his cup. Will the rumrunner pay them? The fact is, you and I and the sober and industrious toiling portion of the community must meet all these bills.

Take it home to yourself and think about it. Who is the last man to be hired when times get brisk? Who is the first man to be fired when times get dull? It's the poor fellow who has been poisoned by booze till his vitality is well-nigh gone and his alertness is destroyed, isn't it?

A CONFESSION.

"I ensnare the innocent.
"I have turned men into brutes.
"I am the greatest criminal in history.
"I have made millions of homes unhappy.
"I destroy the weak and weaken the strong.
"I make smooth the downward path for countless millions.
"I have ruined millions and shall try to ruin millions more.
"I make the wise man a fool and trample the fool into his folly.
"I have transformed many ambitious youths into hopeless parasites.
"I have killed more men than have fallen in all the wars of the world.
"The abandoned wife knows me; the hungry children know me; the parents whose child has bowed their grey heads in sorrow know me."

I AM ALCOHOL.

A saloon is a place where moderate drinkers are converted—into drunkards. Because you can't prohibit murder, why not license it?

He never lived who could say that the saloon had helped him to be a better man! thousands say it has ruined them.

For every dollar that the United States raises by tariff, the people spend seven dollars for drink.—L. R. Horton.

PRIESTS WAR AGAINST THE DRINK HABIT

Catholic Church Bravely Fighting For Temperance

The Priests' Total Abstinence League of America has grappled heroically with the drink problem. Rev. M. A. Lambone, president of that organization, in the recent jubilee number of the Catholic Universe, deals gladsome hammer blows for the cause of Catholic organized total abstinence work. Father Lambone says: "The church continues in its pupil and in the confessional to combat intemperance by insisting on abstinence, and, when necessary, total abstinence. Her work is not limited to the world and attracts but little attention, but it is unceasing, and goes on in every pupil and confessional throughout the entire country. There is a unity and continuity in her work that make her irresistible and insures ultimate success in any cause she espouses."

There are many agencies at work to put sunlight back into the lives of those who have been engulfed in the shadows of drink. Not the least of these agencies are the Neal Institutes, which are scattered all over the country, Canada and Australia. The Australian government was the first to officially indorse and officially administer the Neal Treatment in the successful plan of curing, rather than punishing, victims of the drink habit.

Cleveland has one of these famed Neal Institutes, which, for four years, has occupied the old Joan D. Rockefeller homestead on Euclid avenue.

The safest thing for any drinker to do is to quit drinking. There's nothing in it from any standpoint, physically, morally, or intellectually. Alcohol is the master of brain and quickly changes a smart man into a silly drunk. Alcohol has put thousands of smart men and women down and out. Drink is the barrier to promotion in business and is mankind's all-round handicap.

Three days of the harmless Neal Treatment will change craving for drink to intense dislike of drink. Think alcoholic anyone does it thoroughly. There is no publicity. For illustrated booklet write: The Neal Institute, 2929 Euclid Avenue, Cleveland, O. Telephone East 3400, Central 2137. Other Ohio Neal Institutes at Columbus and Cincinnati.

Obituary

Mrs. Mary Tyrer.
 Mrs. Anna Tyrer, died October
 31st at the home of her daughter,
 Mrs. John Walton of Mt. Vernon, O.
 The funeral services will be held at
 the home of her son Mr. Chas. Tyrer
 26 East Holiday street, this city. She
 leaves to mourn her death three
 children, Mrs. John Walton of Mt.
 Vernon, Mr. John Tyrer of Terre
 Haute, Ind., and Mr. Charles Tyrer
 of this city.

Death of Infant.
 The burial of the infant daughter
 of Mr. and Mrs. Steve Cohan of 293
 Monroe street, who died Saturday
 morning, took place in Mt. Calvary
 cemetery today.

Mrs. Frances Bennett.
 Word has been received here from
 Mrs. John Tucker, who was called to
 Dairy Station, Pa., by the illness of
 her sister, telling of the death of her
 sister, Mrs. Frances Marjory Ben-
 nett, wife of the late John A. Ben-
 nett. Mrs. Bennett died of heart
 trouble on Friday at the Latrobe
 hospital. She was a former resident
 of Newark and following funeral ser-
 vices at Dairy Station on Sunday the
 body will be brought to Newark on
 Monday and burial will take place
 in Cedar Hill cemetery. The body
 will be accompanied to Newark by
 Mrs. Bennett's son, Dr. W. A. Heck-
 ard of New York City, her brother,
 Mr. M. B. Moore of Trenton, N. J.,
 and her sister, Mrs. Tucker.

Short services will be held at the
 cemetery before the interment.

**CHURCH PROPERTY
 SOLD TO SATISFY
 EXECUTOR'S CLAIM**

The old Sixth Street Baptist church
 was sold today at public sale, made
 necessary by the settlement of an es-
 tate which held a mortgage against
 the property.

When the church was built some 12
 years ago, Simon E. Rhodes, one of
 the members, loaned the greater part
 of the money required for its erec-
 tion. This money was not paid at the
 time of Mr. Rhodes' death and the ex-
 ecutor of his estate, Nettie Reese,
 brought suit to collect the debt. The
 property was appraised at \$7,200 and
 was bid in by the executor Saturday
 for \$4,850. It has a frontage of about
 66 feet and is a very desirable loca-
 tion, being situated on the west side
 of Sixth street, between Church and
 Locust streets.

For County Commissioner

N. C. BROWN, JR.
 of Union Township.

Candidate for County Commissioner
 on the Republican Ticket.

Election Nov. 3, 1914.

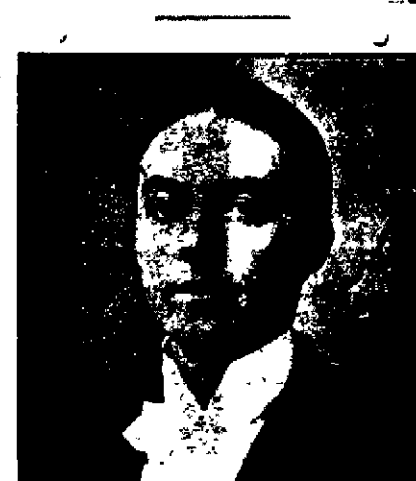

In nominating N. C. Brown, Jr., as
 one of its candidates for county com-
 missioners the Republicans of the
 county felt that they were choosing
 a man who would not only be a win-
 ner, but as well would be a success-
 ful and satisfactory candidate. He is
 known the county over as a man of
 affairs and one who would see that
 the interests of the county would be
 well looked after and its business
 handled in a truly economical and
 satisfactory manner. Well known
 throughout the county for his un-
 rightness of character, for his probity
 and unswerving honesty, together
 with the business ability he possess-
 es, he will make a strong member of
 the next board of county commis-
 sioners. The people are not to be fooled
 this year by any soft promises, made
 but to be broken, by candidates, but
 will exercise their own wishes and
 will elect the men whom they believe
 will the better represent them on
 that board by putting in all of the
 Republican candidates.

For County Commissioner

ORVILLE KIGER

One of the three men who have
 been nominated for county commis-
 sioner by the Republicans, is Orville
 Kiger, one of the better known men
 of the county, and whose ability for
 that important position is beyond
 doubt. His varied business experi-
 ence qualifies him to bring to that
 office a knowledge which will be in-
 valuable to the people, and will
 make him one of the most capable
 men who has ever filled that office.
 A man in whom the public has confi-
 dence he will never betray that faith
 but will prove himself worthy of it.

John C. Swartz for Surveyor

J. C. Swartz, Democratic candidate for county surveyor was born in 1885 and after attending Newark public schools entered Doane Academy at Granville from which school he graduated in 1902 and next entered Denison University, graduating from that seat of learning in 1908.

J. C. SWARTZ.

He is a member of the Granville Baptist church. During the years 1908 and 1909 he

was employed in engineering offices and in 1910 was with the Columbus Gas & Electric Co. engineering corps in Kentucky and West Virginia, leaving there in 1912 to become engineer for the contractor erecting the post office at Detroit. After finishing that work he became the superintendent of construction for the National Co., of South Bend Ind., on street and sewer construction.

It was while employed at Huntington, W. Va., by an engineering firm in the spring of 1913 that he was appointed county surveyor of Licking county for a term of six months and in August 1913 he was appointed county surveyor to fill the unexpired term of the late Fred Cully.

Since Mr. Swartz has been surveyor he has endeavored to reduce the expenses of the office and has been rewarded for his endeavors by reducing them 17 per cent. the first eight months of his second year below the same months of his first year. Also he managed the affairs of the office so that the cost for the entire year was \$24 less than that appropriated for that purpose.

He has worked hard and honestly during the twenty months he has been in office, always insisting that the contractors working for Licking county should perform their work in the proper manner.

It is his request that the voters of Licking county remember him on November 3d by employing him for two years longer.

SURGEONS

AND NURSES OF EXPERIENCE ARE NEEDED INSTEAD OF MEDICAL FLEDGLINGS.

Wounds Are Mutilated and Time Wasted, Says Member of British Medical Staff.

(ASSOCIATED PRESS TELEGRAM) London, Oct. 31. The hospital accommodations in northern France are insufficient to cope with the number of wounded being received, according to a medical correspondent of the Times. Writing from Boulogne, the correspondent says:

"The hospitals are full, but the stream of wounded continues, and will continue. The plain facts are that the hospital accommodations in northern France are insufficient. The policy of shipping as many wounded as possible to England, is being pushed to a dangerous extreme.

"There is a great and serious lack of efficient and experienced surgeons and nurses. A great majority of the wounds are caused by shrapnel. They become infected quickly and demand surgical treatment of the most thorough character. With these cases time is a big factor. It is dangerous in most cases to subject the patient to a long trip to England.

"Many more hospitals must be established in hotels, casinos and houses behind the firing line. Surgeons of long experience must be sent finally, antiseptic surgery must be practiced and not aseptic surgery. The latter, which aims at cleanliness without the use of germ-killing substances is useless where infected wounds are concerned. Yet there are good reasons for believing it to be widely practiced. Here is where surgeons of wide experience are needed, rather than young fledglings. Same holds true of numerous delicate operations. It is equally necessary to have in the hospitals staffs of nurses who have had a three or four years course of training."

"MUM" SHOW TO OPEN SUNDAY AT HALBROOKS

Beautiful cards announcing the third annual fall flower show and chrysanthemum exposition, with invitations to the show which opens Sunday at the Halbrosk green houses in Cedar Street have been received by Newark people. The cards are artistic folders in beautiful colors appropriate to the fall season. Mr. Halbrosk states that he will have 47 distinct varieties of "mums" on display besides thousands of other flowers. The fall show will open Sunday and continue all week. Mr. Halbrosk extends an invitation to the public to visit his green house.

FITZIMMONS TEAM OFFERS GOOD CONTEST

With two victories to its credit, the Fitzsimmons (independent) football eleven offers the third home game, Sunday afternoon, a contest at Wehrle Park with the Granville Athletic club. The Granville team is said to be composed of some former college stars, with a particularly fast and scrappy combination.

Newark promises a number of new men who have asked for positions because of the good showing made by the team in the two former contests. Newark is perfecting its method of attack and defense for some of the more important games on the schedule. An effort is being made to get the Bates Pirates, the crack Columbus organization, for a game here in the near future.

Sunday's contest with Granville will be called at 2:30 o'clock.

PRAYERS FOR HELP.

"God bless our army and our navy, and help us knock the blooming gray from Graustark, o'er the way." Thus prays the King of Zenda, nightly, then takes his gory ax politely, and mingles in the fray. The King of Graustark, worn and bloody, kneels gravely in his royal study, and prays for aid divine: "Jehovah, hear, a monarch pleading, and send the bullets we are needing, along our battle line. Send us a raft of swords and lances, if you would multiply our chances to whip that sinful crew; Oh, send us guns and smokeless powder, and send my starving soldiers chowder, and send them P. D. Q." The God of Battles must be weary, through all the ages, long and dreary. He's heard that tale of woe; and He is surely sick of seeing the riven souls of soldiers fleeing from blood red fields below. He must be sick of King and Colonel, of ruin, wreck and waste infernal, of charge and shock and thud; of Butcher Caesars and of Ceros, of praying kings and braying heroes, and captains drunk with blood. Oh, not on crimson fields distressing will God bestow His sovereign blessing, and not on gory arms; but it will come when soldiers wander back from the strife and horror yonder, back to their homes and farms.

LIFE INSURANCE MONEY WITHOUT DYING FOR IT

Congressman W. A. Ashbrook gives the following statement to C. W. Gunion, District Agent of the John Hancock Mutual Life Insurance Company of Boston, Mass.:

"On December 19th, 1891, on the day following the death of H. M. Ashbrook, I took out my first policy of \$1,000 in the John Hancock Life Insurance Company. It was a twenty year endowment, premiums payable semiannually.

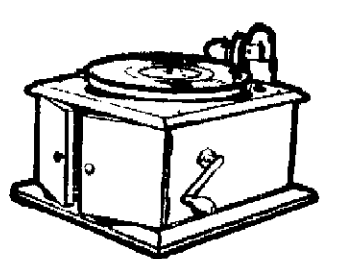

On last Saturday I received a draft from the company for \$1,010.15, the policy having matured, but I preserved all the receipts and find that I had paid out \$770.48 and received every cent of it back and \$239.67 more, besides having the risk carried the entire time.

I am carrying in this company \$54,000.00 which averages half matured and I consider these policies the best investment I ever made.

WILLIAM A. ASHBROOK.

The Old and New Home of The VICTOR VICTROLAS

15, 17 West Main street. Several years ago people in Newark and the county purchased Victors and Victrolas and records, 10, 12 and 14-inch, then after that time, Victor Victrolas were introduced by the same company as an improved type machine and now the name Victor Victrola is popular everywhere as an advanced and up to date musical instrument. Having given good attention to our musically inclined friends in the several years past, we now think we must call from the many interested prospects for new Victor Victrolas and records.

Our stock, just received, embraces prices

\$15, \$25, \$40, \$50, \$75 & \$100 and more coming.

Our record stock consists of selections from Curcio, Melba, Gluck, Schumann-Henk, McCormick, Harry Lauter, Evan Williams, and other noted singers, also a fine assortment in 12-inch double face records for \$1.25, also 10-inch double face for 75c. All discs have two records. Our records are neatly in place in lines and we are pleased to play any of them at our store whether you care to buy or not.

Victrolas sold on easy terms or cash.
